Segun Minister Arends

Prome Minister Evelyn Wever Croes kier a para riba ley

Un gobierno cu ta papia di integridad, cu ta papia cu tur cos mester ta legal, cu ta papia cu esun cu kima nan atras, tin cu sinta riba nan blaarnan y ayera un hende a keda cu blaar grandi riba nan parti patras, ya cu Corte a dicidi cu e permiso, cu ta un “aanlegvergunning” otorga pa un Minister di Gabinete Wever Croes II, e minister ey no tabatin derecho pa otorga esaki.

En realidad e decision di Corte ayera, ta cambia hopi cos tanto den caso di IBIS, caso di Avestruz y caso Flamingo, ya cu loke Ministerio Publico a trata di culpa e tres ex Ministernan aki di dje, ayera Minister Ursell Arends a logra grandemente den Corte.

Na inicio di henter e confrontacion aki entre gobierno(red. Minister Arends) y Embassy Suites, e lider di RAIZ a dicidi den su calidad di Minister, pa hiba gobierno Corte riba e asunto aki, cu otro palabra e tabata dispuesto for di e tempo ey, pa hiba su partner di coalicion cu ta lider di MEP, Corte pa un supuesto violacion di regla.

No a dura ni dos dia cu ora cu Ursell a realisa kico el a haci, el a dicidi mesora di retira su participacion den e denuncia aki, ya cu esaki tabata contra di su colega cu ta Prome Minister.

Ayera tardi mesun situacion a presenta na momento cu resultado di e caso a keda determina y cu Hues a ‘vernietig’ e permiso otorga pa Prome Minister Evelyn na Embassy Suites, minister Arends ta Sali y muestra cu “ningun hende” por ta riba ley y e hende den e caso aki ta su propio Prome Minister

Evelyn.

Pues ta di dos cant'i man cu Minister Arends ta pasa Premier Wever Croes den cuestion di algun luna y ta lanta e pregunta ta cuanto mas un di nan dos tin su sigui soporta pa mantene un gobierno di coalicion cu ya no tin derecho di existencia.

Loke e lider di MEP por haci ta di pidi Minister Arends entrega su retiro of e por saca Ursell for di su gabinete mirando e forma con el a pone e Prome Minister muestra ridiculo y confirma como un mandatario cu kier para riba ley.

Corte cu a dicidi entre otro cu no por construi nada den un asina yama ‘marinezone’ kisas no a recore e isla completo ya cu tin cantidad di construccionnan cu no ta cumpli cu e exigencia aki pero den e caso aki caminda ta obvio cu un Minister kier muestra su poder politico,

ta presenta argumentonan sin sentido caminda ta lubida fayonan barbaro di e marinezone aki, cu nunca mester a tuma luga.

Algo ta totalmente robes den henter e caso aki, tanto e aspecto politico, caminda claramente ayera un Minister a plak un decision di Corte riba lomba di su Prome Minister, hincando e lider di MEP den un situacion cu nunca el a haya su mes aden te na e momento aki.

Ta bon pa muestra minister Arends cu den pasado, famia di e Prome Minister su nomber a yega di ser menciona riba nivelnan halto, nivel di husticia caminda un oficial di Husticia a remarca”

“Hij is niet zomaar iemand” y den e caso aki ta bon pa Minister Arends realisa tambe ta kende el a plak un stempel di violado di ley na di e pais ya cu Prome Minister Evelyn Wever Croes tambe ta “zij is niet zomaar iemand”

Minister Arends no mester uza palabranan cu e no ta comprende nan nificacion

Ayera mainta Hues a dicidi cu Embassy Suites ta prohibi pa construi un pida beach cual proyecto ya el a inicia for di algun tempo caba pero cu Minister di Naturalesa, Ursell Arends, a dicidi di busca tur forma di prohibi esaki, ya cu pa su persona, naturalesa tin cu prevalece.

Ayera mainta despues cu e mandatario a wordo informa di e decision di Corte, den su prome reaccion, a señala cu ningun hende ta riba ley, agregando cu naturalesa no ta contra progreso pero tampoco naturalesa por ta e victima.

Expresionnan grandi sin duda pero cu ta demostra un “hipocresia” di marca mayor di e Vice Prome Minister di e pais aki, ya cu no tin consistencia pa loke ta su actonan compara cu loke ta bisa na prensa.

Ora cu AWE Mainta a scucha e reaccion di Minister Arends, e prome cos cu a bin na mente, tabata e tremendo pelicula cu a gana varios premio cinematografico, esta “Eric Brockovich” cual rol a ser tremendamente ehecuta pa e popular Julia Roberts,

Na final di e pelicula aki, Erin ta reacciona riba un expresion di su hefe kende a sugeri cu e tin cu confia riba su persona bisando: “please Ed, don’t use big words that you don’t understand,” ya cu e expresion di Minister Arends ayera, ta simplemente trata di celebra algo cu no ta di celebra., ya cu e ta tristo con e mandatario ta contento cu su otro Minister di su propio gobierno, cu a otorga e permiso aki, sin cu su persona ta menciona esaki.

Loke e lider di RAIZ tin cu haci ta di dirigi un carta di advertencia pa e Minister cu a duna e permiso aki, exige su retiro ya cu ningun hende ta riba ley

y e decision di Corte ta muestra c’un di e coleganan di Minister Arends, a viola y pone su mes riba ley.

Ora cu muestra cu declaracion di Ursell ta un observacion domina pa hipocresia, ta pa motibo cu na mes momento cu e ta papia di conserva naturalesa, cu kier tin tur cos cana segun ley y reglanan, funcionarionan cu ta traha na e planta di purificacion di awa di riool na Bubali, ta habri e sluis pa awa sushi bay den lama, cu tambe ta un atentado contra di naturalesa.

Lo mas tristo ta cu e Minister aki tabatin esun encarga cu e planta aki pero a exige na su gobierno pa ubica esaki otro caminda, a dicidi di kita 18 milyon for di presupuesto 2022, pa motibo cu su gobierno mester a atende cu Hulanda su kier prome, cu e problema di e planta bin na turno pa wordo atendi y coregi.

Inversionistanan di e proyecto hotelero aki ta wordo mira pa e Minister como hendenan cu ta contra di e pais, cu ta hendenan cu no ta respeta leynan pero en realidad Ursell Arends ta forma parti

di un gobierno cu ta actua cu nan mes ta RIBA ley.

Aki tin cu señala e caso di ex Minister Plenipotenciario Guilfred Besaril, kende recientemente a perde su caso contra Gabinete Wever Croes II den cual Minister Arends ta formando parti di dje, caminda pa colmo e decision di Hues den e peticion di Besaril, a confirma cu el a comete fraude cu fondonan di pueblo, fondo di Arubahuis.

Pero kico pueblo ta mira cu ainda Ursell Arends no a exige su Prome Minister Evelyn Wever Croes pa oficialmente e entrega un keho na Ministerio Publico pa investiga e caso aki ya esey tambe ta prueba cla y raspa cu su lider di gobierno, a dicidi di para riba ley.

No tin diferencia pero un biaha mas Minister Arends ta demostra cu na momento nan papia di “good governance” papia di gobernacion integro, su persona trata di busca nificacion berdadero di e palabranan aki ya cu si su persona como mandatario no ta compronde e balor y nificacion di e palabranan aki, e keda keto asina y para un banda!!

Compania cu ta organisa Miss Universe Pageant cu peticion pa bancarota

Evento di beyesa mas popular na mundo, cu ta Miss Universe Pageant cu ta tumando luga e siman aki na El Salvador, ta confrontando problema serio despues cu e compania cu tin derecho pa organisa e evento aki, esta JKN Global Group, a solitica peticion pa bancarota na 'Thai Stock Exchange.'

Segun e gerente general di e compania aki, esta Anne Jakrajutatip kende ta un "transgender", e peticion pa bancarota ta un accion pa permiti e compania sali for di un situacion financiero caminda no por a paga 'bonds' balora na 12 miyon dollar.

Representantenan di e compania a sigura cu e decision tuma pa e CEO Jakrajutatip, lo no afecta e gran evento di beyesa di e siman aki cu ta tumando luga na El Salvador caminda Aruba ta wordo representa pa Karol Croes, lo continua sin problema.

Segun e informacion, e decision tuma aki ta pa

crea un plan di maneho strategico pa atende cu e situacion financiero cu a presenta su mes y a ser señala cu tin tur confiansa cu e plan nobo aki lo por sostene tur operacion comercial di e compania, incluso realisacion di e evento di Miss Universe 2023.

Un comunicado emiti pa JKN Global Group a reafirma cu e legado di Miss Universe lo sigui wordo sosteni pa e grupo aki manera tabata e caso for di momento cu a tuma esaki over y sigura cu nada ta cambia den ehecuracion di e programa aki.

Tin speculacion cu e evento di diasabra venidero a sufri hopi contra tiempo for di momento cu e frankisia aki a dicide di habri porta pa participacion di 'transgender' caminda pa e evento principal di diabierna venidero, lo tin dos candidata participando.

No ta algo nobo ya cu na 2018 e frankisia a permiti e prome candidata 'transgender' participa den persona di Angela Ponce den representacion di Spaña y pa e evento di diasabra venidero, tin participacion di Miss Portugal kende ta Marina Machete mientras cu Miss Holland ta wordo representa pa Rikkie Kolle.

Machete kende ta Miss Portugal recientemente a publica riba medionan social, su preocupacion grandi pa e forma con e nivel di "transphobia y intolerancia" contra hendenan transgender ta aumentando formalmente loke ta di condena.

Ta den e contexto aki tambe e ex Miss Spaña ta considera e hecho cu e aña aki e evento di Miss Universe ta conta cu participacion di dos 'transgender' como un alivio grandi y cu tin organisacionnan grandi manera por ehempel Miss Universe, ta brinda espacio na tur hende, superando bareranan cu pa hopi tempo tabata imposibel.

Organisadonan di e evento kier evita cualkier tipo di situacion di incomodidad pa e participantenan insistiendo pa evita cualkier protesta di sea fanaticonan of di e propio candidatonan, loke te cu ayera a ser logra.

De Minister van Toerisme en Volksgezondheid is voornemens in het voornemens in het openbaar aan te besteden het door ATA te financieren project:

Het project: "Upgrade Sport- en tennisbanen te Sero Colorado."

Angeline Flemming di AAA apunta como miembro di Hunta di Directiva di ACI LAC pa 2023-2024

Cu masha orguyo, Aruba Airport Authority N.V. (AAA) ta anuncia cu a apunta Angeline Flemming kende ta Director of Health, Safety and Sustainability, como miembro di e Hunta di Directiva di Airports Council International of the Latin America & Caribbean (ACI-LAC) cuminando desde 1 di januari 2024, pa un periodo di 2 año. Recientemente ACI-LAC tabata anfitrión di e Annual General Assembly, Conference & Exhibition na Miami for di 5 pa 7 di november 2023, en conferencia cu a trece un total di 500 ehecutivo for di rond mundo den e industria di aeropuerto hunto y a atende cu varios tema di discusion cu ta duna forma riba e manera con e industria di aviacion a evoluciona rapidamente.

A funda ACI-LAC na año 1991, cu e meta di duna sosten na un sistema di aeropuerto sigur, stabiel, eficiente y ambientalmente compatibel. ACI-LAC ta representa e region di Latino America y Caribe di Airports Council International, e unico asociacion profesional mundial di e operadornan di aeropuerto. ACI-LAC ta conta cu mas di 87 miembro y ta opera mas di 365 aeropuerto den e region di Latino America y Caribe. ACI-LAC tin un alcance di iniciativa global y regional pa yuda e miembro pa eleva nan standard y promove excelencia profesional den su aeroportonan miembro y promove e cooperacion entre tur e sectornan den e industria di aviacion y su stakeholders, como tambe gobierno y e organisacionnan nacional y internacional.

“AAA ta extremadamente orguyoso cu e rol importante cu Angeline Flemming lo tin di parti di aeropuerto, pa asina promove ainda mas e biahenan sigur y sostenibel y demas iniciativa importante di aviacion den e region di Latino America y Caribe. Cu e reconocimiento den e industria y su experiencia amplio, mi ta sigur cu Angeline lo representa Aruba y e interesnan di e region den e Hunta di Directiva di ACI-LAC”, asina Joost Meijs CEO di AAA a duna di conoce.

Angeline Flemming a expresa su deseo di contribui den e Hunta di Directiva di ACI-LAC, cu ta consisti di diferente lidernan den e industria di aeropuerto cu hopi conocimiento y experiencia. “Mi ta mira esaki como un gran oportunidad pa nos isla di tin un bos den e desaroyonan y e iniciativanan regional. Pero tambe pa siña di e otro aeroportonan den region y atende e temanan di interes mutuo manera conexion, e retonan di forsa laboral, e desaroyonan tecnologico y resiliencia climatico. E region di LAC a experimenta un crecimiento grandi den trafico rond mundo despues di pandemia y esaki a resalta e impor-

tancia di eficiencia operacional y di colaboracion. Mi ta sinti mi honra y emociona di forma parti di un composicion historico di e Hunta di Directiva, ya cu 1 di januari 2024, pa prome bes den historia, cinco di e binti lidernan ta hende muhe lider den aviacion, incluyendo e Presidente kende ta Monica Infante, CEO di AERODOM.”

(MCB) een gekwalificeerde deelneming van 48,1 procent te verwerven in Caribbean Mercantile Bank N.V.

Oranjestad, 15 november 2023

Ministro encarga cu Turismo & Salubridad ta anuncia cu entrante **17 november 2023** durante 14 dia lo tin oportunidad pa un y tur tuma conocimiento na Departamento di Legislacion y Asunto Huridico, **Schotlandstraat 53**, di un peticion cu a ser haci pa obtene un **koffiehuis- y un restaurantvergunning A** pa e parcela **Palm Beach 39, Unit 1**. E permisonan aki ta concerni e.o. benta di bebida sterki por detal y cuminda pa wordo consumi den e parcela. Den e periodo aki tur hende por expresa por escrito nan desacuerdo contra dunamento di e permisonan menciona, dirigi na e Ministro encarga cu Turismo & Salubridad via intermediacion di Director di Departamento di Legislacion y Asunto Huridico, Schotlandstraat 53.

DI TODO UN POCO PA REFLEXIONA

The Priest, Jairo Maduro su participacion den Soca y Calypso Festival a causa basta diferencia di opinion. Como ser humano, sigur e tin derecho, pero el a haya Yamada di Dios pa sirbi e Todopoderoso y no sa si esey e ta haciendo. Si e uza tur talento cu Dios a dune, e.o. pa guia hobennan y siña nan su talentonan manera uzo di instrumentonan musical, nada contra. Si mañan e gana e festival aki, nifica cu e tin cu guia e siguiente Carnaval? Nos no kier sigui opina y ta lague den man di Dios.

Recientemente Aruba tabatin dos di su lidernan politico mas grandi di nos isla na Hulanda. Unda por a constata cu diferente porta a habri, contrario na loke cu Evelyn Wever Croes a yega di bisa. Mike Eman a bay cu un solucion, cu sigur a contribui, pa pone un paro ne boet di interes. Tabata deseabel cu e dos lidernan aki lo por a sinta hunto cu otro, demostrando cu Union ta haci Forsa, pero no cada uno riba nan cabay.

Mientras mester bisa cu Minister Xiomara Maduro a los un bom den su discurso, alegando cu e boete-clausule cu Hulanda a impone riba Aruba, ta practica di sclavitud moderno. Nos ta sostene e opinion aki, pero mester a puntra su mes, ta kende(nan) a yuda crea e perscepcion aki? No ta EWC cu a firma sin consulta cu Parlamento di Aruba, pa awor bin yora. John Leerdam tabatin rason pa bisa, ta di spera cu Aruba tin un Plan B, depende con Hulanda lo reac-

ciona riba discurso di Xiomara. Maske Hulanda ta sin un Gobierno, ya cu dia 22 awor tin eleccion y e Gobierno nobo lo reacciona riba ponencianan di Xiomara Maduro.

Hulanda berdad ta poniendo presion riba Aruba, p'e cumpli loke su dirigentenan a bai di acuerdo cu loke nan mes a firma. P'awe bin bisa cu Hulanda ta yuda haci e pueblo Arubiano mas pover, pero e mesun dirigentenan aki ta muestra cu Aruba ta bon, tin progreso, nan ta core den auton car, ta biaha rond mundo, cumpliendo cu e slogan, Join the MEP and see the World. Maske ta bisa cu tin progreso, pueblo si no ta sinti esaki den su cartera. Aruba ta den su mal momento, CFT a laga sa cu Aruba no tin inversion, pero si tin placa pa biaha rond mundo.

Esiman aki, nos a haya e triste noticia cu e politico Winston Laurence di Corsou a fayece. E tabata un amigo di difunto Betico Croes y hunto cu e.o Don Martina a forma e prome Gobierno Antiano cu participacion di MEP. Cu su alma sosega na paz.

Ata un hala di critica a surgi riba intencion di e organizacion DuCarpo/ Buma, cu kier cobra royalties pa canticanan toca radio, etc. E diferencia di opinion ta mixto, unda radionan ta protesta, pero e artista/musico/compositor etc. si ta pensa cu porfin nan por haya algo pa nan obra. Tin DJ-nan, cumpradonan di programa radial, kendenan si ta cobra pa promove un artista, ganando un boshi placa, pero e artista mes nada. Nan tambe tin derecho di cobra pa nan trabao? Of no?

Tabata un dia historico siman pasa ora cu Aruba a marca historia na Hulanda, den e discurso di Ministro Xiomara Maduro. Encuanto sclavitud moderno cu Hulanda ta practica. Cu Gobierno Hulandes y Rey a pidi despena. Pero cu Hulanda ta sigui practica lamentablemente. Pasobra esaki ta di 2 biaha cu Aruba ta pone Hulanda y Reino Hulandes su Cara na Berguensa.

Prome biaha ta Tempo cu Ministro Presidente di Aruba mr. Mike Eman a bay den Welga di Hamber, contra gobierno Hulandes y Gobierno di Reino. Cu mundo henter a critica Gobierno Hulandes con boso na forma arbitrario >>>

ta pone Cabes di un Pais drenta welga di hamber contra Min. Plassterk. Riba asunto di presupuesto y finansa di Aruba. Cu Aruba ta autonomo den su maneho y decision financiero.

Di dos biaha, ora Ministro di Cultura Xiomara Maduro a pone Gobierno Hulandes y di Reino su cara un biaha mas na berguensa pa un forma arbitrario ta pone un interes halto pa un pais autonomo den Reino cu ta pais Aruba. Dictando un Strafrete di 6.9%, pasobra Aruba NO kier entrega su autonomia financiero otorga na 1983, y drenta na vigor 1 di januari 1986.

E expresionnan aki di Min. Xiomara Maduro di acusacion di un Sclavitud Moderno cu Hulanda ta aplica riba Aruba, a sacudi e Gobierno Reino y Parlamento nan Prome y Segunda Camara, cu un Ley di Reino aproba mas cu 20 aña pasa cu a keda drumi den lachi di Reino Hulandes, caminda cu diabierna ultimo porfin Rey Willem-Alexander a firma e Rijkswet aki, cu ta kita poder di Rijksministerraad cu nan NO por dicidi nada mas autocratimente riba Paisnan di Reino den Caribe.

Un iniciativa di ex-Parlamentario sr. van Oven, 20 aña pasa y aproba y a keda drumi 20 aña largo den lachi di Reino Hulandes. Cu esaki Min. Xiomara Maduro a sacudi e fundeshi di Reino Hulandes cu pone Rey Willem Alexander firma e Rijkswet aki y public'e den nan Rijksscourant. Hacie oficial. Hopi awe por critica Min. Xiomara Maduro, pero su palabranan a lanta e motivacion pa Rey firma e Rijkswet drumi 20 aña largo kitando e autocracia di Rijksministerraad cu NO por tuma ningun accion ni decision contra di Paisnan di Reino den Caribe sin cu esaki nan duna nan aprobacion. Ki logro mas grandi pa Caribe Hulandes. Danki ex-Parlamentario van Oven. Danki Rey Willem Alexander y danki Min Maduro.

Aunke Caribe Hulandes no a haya e vetorecht den e ley aki cu lo bin cu un cambio den statuut. Pero por trece mocion of amandamenten, kibrando asina e mayoria Hulandes den Rijksministerraad. Despues cu

e Rijkswet aki a drumi pa ser exacto 23 aña largo na 2016 nan a aprobe, pero a keda drumi den lachi. Te 21 October Rey a firme, y Gobierno a wante pa 3 siman pa Rijkswet drenta na vigor despues cu diabierna ultimo nan a publike den Staatsblad ta mescos cu Landscourant si e no wordo publica eyden nunca lo e drenta na vigor. Pero expresionnan ultimo a sacudi nan cu porfin nan a publike despues di 23 aña. Kitando poder absoluto di Rijksministerraad. E cos aki a pasa muisstil. Silencioso. Ha ha mi ta haña esaki masha pret.

Un pregunta: Arubahuis a haya su Directora nobo, masha bon, pero esposo di e flamamente Directora Barrosa, unda e ta traha? Na Arubahuis tambe. Na Merca e no por traha mes, na Hulanda si?

Encuesta di Entrada y Gastonan 2023 - 2024 – Unda mi placa ta bay?

Oficina Central di Estadística (CBS) ta anuncia e comienzo di e Encuesta di Entrada y Gastonan 2023-2024. E encuesta aki ta sumamente importante ya cu e informacion colecta lo wordo uza pa, entre otro, determina e macutu di compras riba cual CBS ta monitorea e prijsnan na Aruba pa asina por determina e inflacion. A base di e gastonan di tur e hogarnan encuesta, ta calcula tambe e peso di cada producto y/of servicio cumpra.

E encuesta aki tambe ta duna un bista amplio di e entrada y gastonan di hogarnan na Aruba y pa es motibo di e situacion economico y financiero di nos hogarnan. Di e forma aki por duna contesta na preguntanan relata na e situacion actual di hogarnan na Aruba como tambe por haci un calculacion nobo di bestaansminimum na Aruba.

E preguntanan inclui den e Encuesta di Entrada y Gastonan 2023-2024 y tambe e forma di conduci e encuesta aki ta basa riba standard internacional prescribi pa Nacionnan Uni. Cada producto y servicio cumpra door di hogarnan tin nan mesun codificacion cu ta facilita e procesamiento di e datonan y tambe e comparacion di datonan riba un nivel internacional.

E encuesta lo cuminsa diaranson dia 15 di November 2023 y lo tin un duracion di un año. Durante e periodo di encuesta, CBS tin como meta pa entrevista un total di 2000 hogar. Pa

por logra e meta aki, cada luna nos encuestadonan lo acerca 200 hogar. En total tin 20 encuestado(a) cu lo ta na encargo pa conduci e entrestanan y cada luna nan lo wordo asigna un area specifico pa haci e encuesta. E areanan aki ta parti over di full Aruba pa asina por haya un bista representativo di tur tipo di hogar cu ta residencia den tur area di Aruba.

E encuesta di Entrada y Gastonan ta encera 2 parti:

1. Hogarnan participante lo wordo puntra pa contesta algun preguntanan tocante gastonan cu e hogar a haci durante e 12 lunanan cu a pasa prome cu e encuesta aki. E cuestionario aki ta digital y lo wordo yena pa e encuestado pa medio di un tablet.

2. Hogarnan participante lo wordo pidi pa yena un Buki di Gastonan Diario. Den e buki aki tur gasto di tur miembro di e hogar mester wordo yena pa un periodo di 2 siman. E encuestado lo duna instruccion na e hogarnan con pa yena e buki y tambe lo asisti den e yenamento di esaki.

Encuestadonan a haya un training extensivo di CBS tocante e metanan principal di e Encuesta di Entrada y Gastonan 2023-2024, e formularionan cu mester wordo yena y e proceduranan cu tin cu tene na cuenta durante di e ehecucion di e encuesta. Asina encuestadonan tin tur informacion cu nan por brinda na hogarnan selecciona. Tur encuestado di CBS tin un badge y un uniform pa identifica nan mes debidamente. Si acaso un encuestado no tin su uniform bisti, semper e lo por identifica su mes cu su badge.

Ta bon pa tene na cuenta cu pa facilita e trabao di colecta e informacion di e hogarnan participante, e hogarnan por prepara e siguiente informacion:

• E ultimo recibo di awa, coriente, gas

y telefon;

- Informacion di hipoteca (si esaki ta aplicabel pa e hogar), incluyendo e suma ora a ricibi esaki, e suma paga na 2022 y e interes paga na 2022;
- Informacion di seguronan cu a wordo paga durante di e ultimo año;
- Informacion di e entrada bruto y netto di e ultimo luna di tur miembro di e hogar.

Oficina Central di Estadística y tur encuestado cu ta traha pa Oficina Central di Estadística ta mara pa ley na privacidad di datonan obteni. Oficina Central di Estadística ta garantiza e anonimidad di e datonan individual di tur esnan cu a participa na e Encuesta di Entrada y Gastonan. E datonan lo wordo analisa y publica na forma agrega for di cual ningun persona of hogar por wordo distingui.

E encuesta aki ta sumamente importante ya cu a base di e datonan colecta ta calcula, entre otro, cu exactitud e inflacion, esta e subida of bahada di e prijs di productonan y tambe ta haya un bista detaya di e entrada y gastonan di hogarnan na Aruba. Na banda di esaki, hogarnan mes lo beneficia di nan participacion na e encuesta ya cu nan mes lo haya un bista detaya di “Na unda nan placa ta bay”.

Oficina Central di Estadística ta pidi cooperacion di tur hogar cu wordo acerca pa un di nos encuestadonan, pa por fabor coopera cu e encuesta aki. E exito di e encuesta di Entrada y Gastonan 2023-2024 ta depende di e cooperacion di un y tur.

Pa cualkier pregunta di e Encuesta di Entrada y Gastonan 2023-2024, por tuma contacto cu Oficina Central di Estadística, durante oranan di oficina na 524-7433, y puntra pa cualkier miembro di e team di e encuesta. Tambe por manda un e-mail na cbs@setarnet.aw

Parlamentario di AVP, drs. Mervin Wyatt-Ras:

Prome Minister y Parlamentario Tromp-Lee no a gusta cu a papia berdad

Diamars mainta, durante e conferencia di prensa di AVP, fuera di a insisti riba e ponencia cu el a trece caba, esta pa Minister di Husticia duna atencion na e caso lamentabel di hoben cu a fayece mientras cu e tabata deteni y cu su mayornan ainda ta pendiente un contesta, e parlamentario di Partido di Pueblo Arubano (AVP) a reacciona riba e critica dirigi den su direccion.

Esaki tabata di parti di Prome Minister Evelyn Wever-Croes y parlamentario Shailiny Tromp-Lee relaciona cu e palabranan cu Wyatt-Ras a trece dilanti durante reunion den Parlamento y e Reunion Interparlamentario di Reino (IPKO) algun siman atras na St. Maarten. Den e dianan su tras, ambos politico di oposicion a tuma como tarea pa baha riba Wyatt-Ras den prensa, na luga di enfoca riba e tantisimo reto di Aruba of nan deber pa controla gobierno.

Mientras cu esaki ta sosode, e parlamentario di oposicion a comparti cu e ta papia cu cada bes mas persona den comunidad cu un tempo tabata hiba un bida di comodidad, hasta cu propiedad; pero cu awendia mester cremencha y ta biba of casi biba den pobresa. Esey ta e realidad di Aruba cu MEP kier purba sconde.

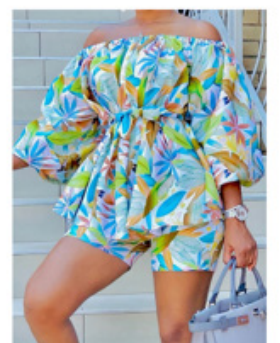

Premier Wever-Croes ta reclama cu Hulanda ta duna Aruba un interes mas halto, compara cu esun di Corsou y St. Maarten y ta nenga pa baha esaki. Sinembargo, Hulanda ta mira cu gobierno na Aruba, diferente na e otro islanan, a tuma hopi medida sin cu e placa ey ta yega su caminda pa paga debe publico, ni tampoco bek den comunidad.

A pesar cu ta Wever-Croes esun cu ta keda sin contesta pregunta y bandona sala ora cu parlamentario di oposicion ta dirigi na dje, e ta esun cu ta tripi di bisa cu Wyatt-Ras no ta tuma su trabou como parlamentario na serio. E parlamentario di AVP a reacciona diamars mainta bisando cu mas cu un

derecho, ta su deber di controla y cuestiona gobierno y cu e no lo stop di haci esey.

Riba ordo di prome minister, Shailiny Tromp-Lee tambe a ataca Wyatt-Ras. Su argumento ta con e parlamentario di oposicion a sa di contraresta e relato falso cu coalicion a purba trece dilanti den e ultimo reunion di IPKO. Tromp-Lee a acusa Wyatt-Ras di a stroba reunion y cu a hay'e ta coregi su colega, mientras cu e realidad ta cu ora tur otro isla a traha riba e mehoracion di cumplimiento fiscal, parlamentario di MEP/RAIZ a purba di duna e impresion cu introduccion di medida tabata e miho opcion pa Aruba.

Wyatt-Ras: *"Mi ta kere cu na momento cu nos bay den exterior como delegacion mester prepara e asuntonan aki paso na momento cu ta papia di reforma fiscal bo ta haya cu oposicion mester por duna su opinion y esey mi lo keda haci unda cu nos bay pasobra di parti di fraccion cu ta sostene gobierno duna un bista sumamente positivo di Aruba, mientras ta pidi pa kwijschelding di debenan. Hulanda no ta bay duna un dispensacion di e pasobra ta mira cu Aruba a tuma hopi medida y tin 1.5 biyon cu a drenta caha di gobierno y cu no ta haya su caminda pa pueblo. Pueblo mester paga pa su propio remedi, aumento di diferente BBO, etc. P'esey Tromp-Lee no ta di acuerdo cu mi posicion."*

Bin bishita nos y probecha!
Paña di bon calidad na bon prijs.

Parlamentario Marco Berlis (MEP): Lobby di Minister President Evelyn Wever Croes na Eerste Kamer ta fructifero

LOBBY PREMIER WEVER-CROES BIJ EERSTE KAMER WERPT VRUCHTEN AF

15 november 2023, 12:29

LOBBY PREMIER WEVER-CROES BIJ EERSTE KAMER WERPT VRUCHTEN AF

15 november 2023, 12:29

 Delen met anderen

Den Haag – Een nipte meerderheid in de Eerste Kamer wil dat Aruba alsnog in aanmerking komt voor een gunstige rente over de vorige maand geheerfinancierde coronalening van 915 miljoen gulden. Daarmee lijkt het gesprek dat minister-president Wever-Croes 2 weken geleden had met de Eerste Kamercommissie voor Koninkrijksrelaties vruchten af te werpen.

Tenminste 5 fracties zijn het oneens met het besluit van staatssecretaris Van Huffelen om Aruba 6,9% rente in rekening te brengen omdat het land niet wil dat het financieel toezicht in een rijkswet wordt vastgelegd. Werkt Aruba daar wel aan mee, dan wordt de rente verlaagd naar 3,4%. Een deel van de Senaat, zo bleek 2 weken geleden in een debat met de staatssecretaris, vindt zo'n 'strafmaatregel' gezien de koninkrijksbanden ongepast.

Die kritiek krijgt nu een vervolg in een serie vragen van de leden van de Eerste Kamercommissie voor Koninkrijksrelaties. PvdD, GroenLinks/PvdA, BBB, Volt en OPNL sturen aan op een compromis: de door Nederland gewenste begrotingsnormen in de door Aruba voorgestelde Landsverordening opnemen en daarin tevens vastleggen dat de rente wordt verhoogd als de Staten aan deze normen gaan morrelen. De genoemde fracties hebben met 36 zetels net aan de meerderheid. Vermoedelijk kunnen ook CDA, D66 en ChristenUnie zich vinden in het voorgestelde compromis.

De PVV heeft nog vragen over de Ennia-kwestie. De partij wil inzicht in de financiële risico's die Nederland loopt bij het verstrekken van langjarige herfinanciering aan Curaçao en Sint Maarten.

De commissie verzoekt Van Huffelen de vragen binnen 4 weken te beantwoorden.

Na Den Haag, e mayoria di miembronan di Eerste Kamer kier pa Aruba bin na remarke pa un interes faborabel pa e fianza di COVID di Afl. 915.5 milyon. Por lo menos cinco fraccion ta contra e decision di Secretario di Estado Van Huffelen, pa cobra Aruba 6.9% di strafrente, pasobra Aruba no kier acepta e RAft.

Miembronan di Eerste ta di acuerdo cu e “medida di castigo” aki ta inadecua, mirando e lasonan cu ta uni nos den e Reino Hulandes.

Preguntanan di Eerste Kamer na Secretario di Estado

E critica di miembronan di Eerste Kamer Hulandes ta haya continuacion a traves di preguntanan lansa pa van Huffelen cu awor mester contesta esakinan. Partidonan manera PvdD, Groenlinks/PvdA, BBB, Volt y tambe OPNL kier pa e normanan cu Hulanda ta desea pa wak, pa esakinan wordo poni den un Landsverordening y cu e interes por subi si e Parlamento kier haci cambio riba e ley aki. E fraccionan cu ta di acuerdo tin 36 asiento cu ta e mayoria den Eerste Kamer. Probablemente CDA, D66 y ChristenUnie por bay di acuerdo cu e oposicion aki tambe.

Lobby di nos Minister President Evelyn Wever-Croes den Eerste Kamer

E tempo cu nos minister president Evelyn Wever-Croes a pasa na Hulanda a duna su fruta. Awor Eerste Kamer ta oponiendo e proceder y intencion di gobierno Hulandes. Eerste Kamer a compronde e argumento y esfuersonan di nos gobierno pa yega na un acuerdo for di hopi tempo caba. Pa basta tempo gobierno di Aruba a discuti cu gobierno Hulandes den ki forma e bachi, e normanan y cual normanan mester bay den e acuerdo. Mientras

cu oponentenan local ta visibelmente pro-RAft pa oportunismo politico, awe nos por wak cu no ta un profesor y dos politiconan di Eerste Kamer so a wak e inhusticia di gobierno Hulandes contra e pueblo di Aruba. Awor e ta fraccionan completo y e mayoria di Eerste Kamer cu ta wak y finalmente compronde esaki. Awe Hulandesnan di Eerste Kamer ta na favor pa exige gobierno Hulandes baha e strafrente pa Aruba y duna nos pais e 3.4% anto den un landsverordening y no den un Rijkswet!

Oposicion pro RAft bringando contra Aruba su interesnan

Aunke nada no ta estableci den piedra ainda, mester remarca e oposicion y decision di Eerste Kamer como uno historico. Hulandesnan di Eerste Kamer por a identifica e inhusticia grandi di gobierno Hulandes cu kier impone un strafrente riba Aruba basa riba exigencianan inhusto. Ni oposicion den desesperacion di Miguel Mansur, Marisol Lopez-Tromp, Gerlien Croes y Rycond Santos dos Nascimento a lucha pa Aruba su derechonan di e forma aki!! Nan tur a exige e RAft wordo acepta manera cu e ta, aceptando un Rijkswet y tur norma inhusto pa Aruba den dje. Unda nan patriotismo y solidaridad cu pueblo Arubano a keda? Unda nan lucha pa bienestar di Aruba a keda?

Un biaha mas, nos Minister President a sali cu fe y curashi pa Hulanda pa lucha pa e honor y derechonan di nos pais y a logra convence miembronan di Eerste Kamer cu nos lucha contra inhustia y inflexibilidad di gobierno di Hulanda ta grandi. Evelyn Wever-Croes ta keda demostra liderazgo dilanti tur crisis. E crisis di Horcan Mike Eman su desastre y megadebe financiero, e crisis di COVID-19 y awor e crisis di RAft y strafrente! Aruba, esaki ta nos lider y Minister President, Evelyn Wever-Croes!

SETAR ta contento pa anuncia su sosten pa Carnaval 70!

Pa mas cu 2 decada di aporte financiero, SETAR ta orguyoso di ta e Sponsor Oficial di e celebracion cultural mas grandi di Aruba.

Durante un encuentro di firma recientemente, Director di SETAR, Roland Croes, a uni forza cu e miembronan di directiva di Stichting Musica y SMAC pa hunto haci Carnaval 70 un experiencia inolvidabel.

Un aplauso grandi pa Aruba su 70 aña di celebracion di Carnaval. SETAR ta cla pa start 2024 cu hopi momentonan di alegria!

Prome Minister a reuni cu Commandant van Wijk

Diaranson 15 di November, Prome Minister Evelyn Wever-Croes a reuni cu Commandant di Marinierskazerne na Savaneta T.A.H. Van Wijk. Esaki tawata un reunion hopi informativo di ambos banda na unda cu a elabora riba desaroyonan nobo di interes pa Aruba y Hulanda. Defensie tin 3 tarea principal: defende Reino, combati transporte di droga y otro ilegalidadnan riba lama y asistencia den caso di calamidad. E cooperacion entre Gobierno di Aruba y Marinierskazerne ta hopi estrecho riba tur tres tarea.

Marinierskazerne ta percura tambe pa traha riba e ser humano mas hopi cu por como tambe den e area di naturalesa y e aspecto di conservacion di naturalesa.

Prome Minister ta gradici señor

Van Wijk pa tuma tempo y informa Gobierno riba trabou y strategianan specialmente pa trece mas seguridad pa nos pais. Hunto lo sigui traha pa

estrecha e cooperacion mas ainda pa tur proyecto y programa di formacion pa nos hobennan y como tambe hende muhe wordo enfora mas.

Invitacion pa presentacion di buki “Virginia”

Archivo Nacional Aruba tin e grato placer pa invita tur of esnan interesa den historia y cultura di Aruba pa un presentacion di e buki “Virginia”.

E buki aki ta conta e historia di Virginia, e esclavo “rebelde” di Aruba basa riba informacion y investigacionnan haci principalmente na Archivo Nacional Aruba. Especialmente pa e presentacion di su buki na Aruba, e autor señora Ida Does, acompaña pa e ilustrador señora Daniëlle Nijboer, miembran di e team di redaccion di “Afele Stories”, señora Ellen-Rose Kambel y Joan Windzak lo ta na Aruba.

Autor Ida Does ta naci na Suriname, e ta un periodista, autor y un productora di documentario. Banda di su carera na e television Hulandes, Ida ta hopi conoci den e mundo di film y documentario independiente, na unda el a gana diferente premio pa su obranan. Su documentarionan a gana premio na Canada, Hulanda, Trinidad en Tobago, Merca y Belize.

E presentacion di e buki “Virginia” lo ta diamars, 21 di november di 7.00 p.m. – 9.00 p.m. na Archivo Nacional Aruba. Tur interesado ta cordialmente invita pa ta presente.

Minister Geoffrey Wever:

Mas di 280 compania a registra na e Encuentro Virtual di comercio entre Aruba y Venezuela

Diahuebs, 9 di november, a tuma luga Virtual Business Matchmaking na Camara di Comercio, y tambe virtualmente via Zoom. Durante henter un dia di trabou empresarionan di Venezuela por a conecta cu empresarionan di Aruba den un setting único y nobo pa esnan na Venezuela como tambe esnan di Aruba. E interes tabata grandi, di ambos pais. Na ultimo momento ainda a ricibi mas registracionnan, cual a surpasa 230 registracion di parti di Venezuela, y mas di 70 di parti di Aruba.

Durante e evento tabata diferente sector comercial Venezolano a presente diferente oferta di producto of servicio y tambe den ki frecuencia nan ta obtenibel y tambe e calidad.

A enfoca riba nueve (9) sector, esta: Turismo, Pesca, Construcción, Inmobiliaria, Petrolero, Turismo di Salud, Tecnología, Agroindustria y Salud/Bienestar. Por raporta cu ya caba a demostra di tin interes grandi di parti di comercio pa haci negoshi cu otro. Por a mira esaki den e cantidad di compania cu a registra y atende e Virtual Business Matchmaking, y kende nan awo ta den contact cu otro.

Minister Wever ta mira espacio pa awo stimula y facilita hacimento di negoshi entre comercio di Aruba y comercio Venezuela ya cu esaki ta na beneficio di e consumidor cu posiblemente por beneficia di miho prijs, of mas variacion y obtenibilidad di producto.

Banda di oportunidad pa comercio, e obstaculonan cu lo

mester atende cune pa por facilita e comercio entre nos dos paisnan tambe a wordo presenta. Combersacionnan al caso y interesante cu a inicia durante e sesion. Minister Wever tin como prioridad pa mehora lasonan comercial cu nos paisnan bisiña pa asina por tin mas oferta di producto y servicio, y posiblemente na miho prijs pa e ciudadano. Por spera cooperacion y comunicacion y intensificacion di e esfuersonan den e temporada nos dilanti pa por facilita mas aun e comercio entre Aruba y Venezuela.

Sesion 1: 6:30pm - 7:15pm

Sesion 2: 7:30pm - 8:15pm

Bo futuro ta den bo man!

Grupo Melodia cu un produccion pa fin di aña

Esaki sigur lo bira un aña cu por bay wordo recorda como un aña pover di musica pa fin di aña. Contrario na e añanan anterior caminda semper tawata scucha e gruponan musical den pueblo treciendo nan repertorio pa fin di aña, e biaha aki no ta scucha di e gruponan aki mas y tampoco mucho produccion di cancionnan pa fin di aña.

Esaki sigur ta e ambiente y un tradicion di nos, pa fin di aña cuminsa scucha e diferente gruponan den cayanan, caminda

cu localnan y turistanan ta disfruta di e dushi ambiente cu tin riba nos isla.

A pesar di e situacion aki nos a wordo sorprendi cu grupo Melodia ta lansa un bunita produccion pa fin di aña pa asina ainda por trece e ambiente y alegria den pueblo pa e temporada aki. Pa grupo Melodia esaki ta un tradicion cu pa hopi aña ta presenta un produccion pa e diferente temporadanan di aña, pero sigur esun di fin di aña cu nan musica unico pa deleita nan fanaticonan y pueblo en general.

For di algun luna caba e agrupacion aki ta preparando y a drenta studio di grabacion pa cuminsa cu nan grabacionnan, pa awe nan por tin nan musica un biaha mas pa presenta cu ta di gradici y aprecia cu nan ta mantene e temporada aki bibo pa nos por celebra e fin di aña.

E produccion aki ta consisti di un variedad di ritmo y cantante cu ta trece e ambiente alegre y bailabel cu un y tur por tin e alegria na cualkier momento di un actividad of na cas.

E produccion ta uno cu no por falta pa e fin di aña aki y ta obtenibel pa 25 florin, solamente riba USB stick.

Por yama numbernan 730-1214 of tambe 567-1664 pa pidi pa esun di bo y si ta posibel nan por haci entrega di esaki tambe.

Grupo Melodia kier a desea e pueblo for di awor pa pasa un dushi temporada di fin di aña, y cu e felicidad y prosperidad por yega den tur hogar.

Minister Rocco Tjon:

A reuni cu directora di UNESCO su oficina pa Caribe sra. Anna Paolina

Minister di Husticia y Asuntonan Social sr. Rocco Tjon tawata presente durante e youth forum di UNESCO, hunto cu Aruba su secretario general pa loke ta e comision nacional di UNESCO, sra. mr. drs. Marushka Lee-Tromp y Aruba su “youth representative” Arielle Gil, caminda a reuni cu e directora di UNESCO pa e oficina di Caribe, sra. Anna Paolini.

Durante e reunion aki a toca diferente programa cu UNESCO ta ofrece y por brinda na Aruba. Aki ta trata di programanan cu ta enfoca riba “peace building” y “changing mentalities”.

Un reunion sumamente positivo, den cual a palabra cu e directora sra. Anna Paolini, cu otro aña lo bay brinda dos proyecto pa Aruba.

E prime proyecto lo enfoca riba “peace building” den nos scolnan, especificamente un programa cu ta toca agresion na scol. E otro programa lo enfoca riba crea mas consciencia den nos comunidad pa loke ta violencia domestico.

Aki dos siman, e preparacionnan lo inicia cu UNESCO pa planifica e programanan menciona na 2024.

Minister Glenbert Croes:

Futuro ta bay depende di e capacidad di nos mucha- y hobennan pa educa nan mes digitalmente

Durante Rueda di Prensa di Gobierno, Minister Glenbert Croes na ocasion di reapertura di Enseñansa pa Empleo, ademas di anuncia Enseñansa pa Empleo San Nicolas, a elabora riba un proyecto dirigi riba mucha- y hobennan cu su Ministerio tin ya dos aña trahando riba dje silenciosamente.

E proyecto aki ta dirigi riba capacitacion di nos mucha- y hobennan di entre 7 y 17 aña riba educacion computacional y inteligencia digital. Educacion digital di nos hobennan ta sumamente importante pasobra economia di futuro di nos pais ta bay depende di e capacidad digital di e muchanan di awe cu ta e adultonan di mañan.

CODERDOJO

CoderDojo ta un movimiento global di clubnan di programacion gratis, habri, guia pa boluntario (Dojos) unda hobennan di edad 7-17 (Ninjas) por explora tecnologia digital. Mision di CoderDojo ta pa duna hobennan rond di mundo e oportunidad pa siña programa den un ambiente social y sigur.

Ta importante pa Aruba tuma e pasonan necesario den educacion computacional, enfatisando e importancia di un cuadro unificado pa fomenta inteligencia digital. Hunto, nos por empodera e scolnan y centronan di Aruba, fortifica colaboracion global y avansa educacion computacional.

Adoptando Clubnan diCodigo/Dojos rond di Aruba ta yuda sigura un futuro unda conocimiento y habilidadnan computacional ta accesibel, interconecta, y adaptable na e campo cambiante di tecnologia. Esaki ta posibel danki na Utilities Aruba cu ta sigui cu accionnan real den impacto social y sostenibilidad.

E futuro di zero emision ta briyante, tanto cu nos sigui crea ciudadanonan digitalmente inteligente, proteha metanan di desaroyo di Aruba y garantisa nos participacion den e economia sin frontera nobo combina cu e industria creciente di energia renovable.

Parlamentario Alvin Molina (MEP):

Firma MoU no tin balor si no tin accion su tras

United Farmers of Aruba (UFA) semper ta bonbini den parlamento pa expresa nan idea- y inkietud. Especialmente mirando cu ta e cunukeronan (farmers) lo bay carga nos pilar economico, esta agricultura. E cunukeronan ta esnan cu lo percura pa pueblo por tin cuminda di calidad halto na un prijs rasonabel. Loke no ta e intencion ta cu cada tanto luna UFA mester bin bek parlamento cu e mesun inkietud- y ideanan, sin cu tin un avance den e proceso pa logra e meta.

Un bes mas UFA a informa nos cu no tin mehoracion den sector primario. Na juli 2022 a firma un Memorandum of Understanding (MoU) entre UFA, Santa Rosa y Minister di Naturalesa. Na juni 2023 a firma un MoU entre e 6 islanan den Caribe pa colabora cu e industria innovativo aki. Awo na november 2023 nos por mira cu ni e necesidadnan basico no tin mehoracion.

Ainda awa ta limita y mucho caro y e tarifa di coriente ta extra halto. Mientras, cu por ehempel, e hotelnan si ta gosa di un tarifa reduci. No ta permiti pa pone solar panel riba tereno “huurgrond”. Pa haya tereno huurgrond pa planta ta casi imposibel.

Ta hopi dificil pa haya financiamiento, ta dificil pa haya trahado- y expertonan (di exterior), no ta permiti pa pone un oficina, baño of un luga pa trahadonan sinta come riba e tereno. Importa producto y material ta un caminda di cruz, etc. etc. E circunstancianan no ta mehora pa hacie faborabel pa engrandecere un pilar economico nobo.

No ta necesario pa skirbi un MoU pa nos sa kico ta e problemanan cu ta stroba e economia di Aruba pa diversifica y bira mas fuerte. Ta accion mester di e minister encarga cu sector primario pa activa su coleganan pa tuma e accionnan necesario. Mi a haci e preguntanan aki na Gobierno di Aruba, sperando contesta.

Minister Geoffrey Wever a duna presentacion over economia di Aruba na studiantenan di IPA

Dialuna 13 november, Minister Geoffrey Wever a duna un presentacion over e economia di Aruba, den forma di gastcollege na studiantenan di IPA pa e vak 'Economia' como parti di e sector 'Hende y Comunidad' riba invitacion di docente di e vak sra. Paula Kibbelaar. Esaki tabata un hopi interactivo unda por wak e interes grandi di e studiantenan den e tematica aki pa nan formacion como futuro docente.

Minister Wever a splica e necesidad pa un modelo economico inclusivo y sostenibel, presentando e desaroyo economico cu Aruba a hiba desde Status Aparte como uno grandi, cual tabata particularmente impulsa pa turismo. Minister Wever a splica cu e cifranan ta muestra cu e Producto Bruto Domestico Nominal ta creciendo di forma consistente, pero Producto Bruto Domestico Real per capita ta mustrand un desaroyo menos fuerte. Tambe a trece dilanti cu e poblacion Arubano ta enfrentando aumento abrupto y imprevisto di prijsnan riba mercado internacional cu ta wordo importa

casi directamente.

Minister Wever a splica e desaroyo di e Producto Bruto Domestico desde 1986, e pandemia y su recuperacion. Tambe a splica bahada di poder di compra di ciudadanonan, falta di espacio y destruccion di naturalesa. E expectativa ta cu e bienestar y calidad di bida lo sigui di ta bou di mas presion. Minister Wever a trece dilanti cu sigui cu e trayecto manera e ultimo 30 añanan no ta un alternativa sostenibel y cu Aruba su economia mester bay over na formulanan economico cu ta sostenibel y inclusivo. El a splica cu e conceptonan 'desaroyo sostenibel' y 'economia inclusivo' ta esencia di e vision di Ministerio di Asuntonan Economico, Comunicacion y Desaroyo Sostenibel.

Turismo ta keda sin mas e sector principal di nos economia y mester keda traha pa mantene e calidad servicial di nivel halto cu nos ta brinda na nos bishitantenan. No obstante, ta di remarca, cu diversificacion economico di nos pais ta mas un necesidad cu un deseo. Minister Wever a presenta e seis sectornan prometedor den cualnan diversificacion ta di tuma luga. A ilustra na nos futuro docentenan e escenario di sigui fiha solamente riba turismo cu construccion di mas hotel y kico esaki tin como consecuencia pa nan ofishi. Den un forma interactivo a sigui trata nan rol como docente den e cuadro di desaroyo sostenibel.

Pa pone e teoria den practica, Minister Wever a splica su maneho economico pa Aruba ilustrando entre otro: e necesidad di incentivonan fiscal y incentivo di inversion, e modernisacion di e maneho di otorgamento di permiso pa negoshi, e rol di Aruba Investment Agency, e actividadnan pa stimula entrepreneurship, e colaboracion cu Colombia y Venezuela, revitalisacion di centro di Oranjestad y San Nicolas, e maneho di 'Orange Economy', plan pa combati economia informal, e desaroyo di un Agri-fund, implementacion di Aruba Fair Trade Authority, e curso tan yega na comunidad 'Finansas den mi Hogar' y e implementacion di un Sistema Nacional di Estadistica.

Por ultimo ta na su lugar pa menciona cu Minister Wever, conhuntamente cu sra. Paula Kibbelaar a sa di stimula nos futuro docentenan pa pensa activamente riba e pasado, presente y e futuro economico di pais Aruba.

Minister Wever ta contento di por a intercambia over e topico di economia y desaroyo sostenibel cu futuro docentenan y ta desea e studiantenan hopi exito cu nan estudio!

Hendrik Tevreden, Lider Fraccion di MEP:

Reapertura di EPE ta stimula desaroyo Educacional y Laboral na Aruba

Tabata un ceremonia masha bunita di por a mira ora cu Minister Glenbert Croes a corta e cinta pa haci e reapertura di e edificio y devela e logo nobo di Enseñansa pa Empleo (EPE), ubicada na Engelandstraat, asina lider di Fraccion di MEP, Hendrik Tevreden a expresa.

EPE tin ya caba 35 año di existencia y por a mira durante e añanan aki con hopi persona a capacita den diferente tereno, ya sea pa yuda nan cu nan experticio laboral of personal. Tempo cu refineria Lago a cera na 1988, EPE a habri su portanan pa comunidad. Sin duda, esaki ta un proyecto masha importante pa Aruba, Tevreden a remarca.

Por ehempel, pa loke ta e año aki, e cantidad di cursista a crece, Nan a aumenta for di 600 cursista na 2022 te na 1600 cursista na 2023. For di 31 klas a crece te na 61 klas, ofreciendo 27 curso cu lesnan di entre 8 of 15 siman. Tur esaki ta wordo haci cu 10 trahado, locual ta algo tremendo.

Cu e lema di amplia bo conocimiento y aumenta bo oportunidad, EPE ta brinda oportunidad di formacion na entre otro personanan cu ta traha den sector hotelero, cual ta un partner importante. Por mira hopi persona sigui curso di bartender of waiter. Y comosifuera poco, EPE ta brinda areglo di pago pa e cursonan. Esaki a base di un maneho social, Parlamentario Hendrik Tevreden a declara.

Di loke no por tin duda ta cu EPE por a prueba su derecho di existencia y lo keda produci trahadonan pa futuro. Aruba ta den pleno recuperacion y esaki lo ta un manera pa economia di Aruba por sigui recupera y empodera e forsa laboral cu cursonan pa facilita y capacita e trahadonan local.

IMF a categorisa e recuperacion di Aruba como un crecimiento impresionante. Pandemia a bay cu un kwart di nos GDP, e parlamentario a señala. “Awor nos kier bounce forward”. a agrega. Banco Central di Aruba mes a indica esaki den su reportahe siman pasa. E ‘tourism receipt’ ta 42%, kiermen mas halto cu año pasa na un 10% y pa otro año ta calcula caba cu e lo ta na 4.6% di nos GDP.

Desempleo, a baha te na 4.3%. Un reduccion nunca antes bisto den historia di Aruba na e nivel aki. Esaki ta nifica cu mas di 2000

cupo di trabou a bin acerca. “Mi por sigui menciona mas indicadonan positivo, manera esun cu Aruba lo tin un surplus e año aki y otro año 2024 tambe. E inflacion cu tin tur cos caro, ya ta bahando di 5.5% pa 3.2%, mientras cu den region di Caribe ainda e ta rond di 11 %. Esaki ta datonan nunca antes bisto”, a enfatisa.

Hendrik Tevreden a indica cu Aruba lo concentra pa inverti den un pilar economico nobo y e sector mas unda lo por logra esaki mas lihe ta e sector di energia. EPE lo tin un rol eyan ora cu e sucursal habri na San Nicolas. Pasobra eyan lo concentra riba ‘upgrading’ y training riba e tereno energetico. Ora bo kier cambia di trabou, busca trabou nobo of upgrade riba e tereno energetico, pronto esaki tambe lo bira posibel.

“Aruba ta progresando, Aruba ta bayendo dilanti. Y nos no por keda sin remarca cu Enseñansa pa Empleo tambe ta tin un rol den esaki, na nan aporte pa yuda nos hendenan, pa sea haya un curso di nivel halto of haya un her/omscholing pa asina e por cambia of haya un miho trabao cu miho pago pa nan mes y nan famia. Pabien Enseñansa pa Empleo y tur empleado y trainers y hopi año mas di existencia”, asina lider di Fraccion di MEP, Hendrik Tevreden a finalizando bisando.

Minister Glenbert Croes na ocasion di reapertura di EPE:

Ta anuncia EPE San Nicolas cu enfoke riba cursonan tecnico y energetico

“San Nicolas is the land of opportunity”

DIALUNA ultimo Gobierno di Aruba a haci reapertura di Enseñansa pa Empleo situa na Engelandstraat 33. Un edificio completamente renoba cu a conoce un adelanto y desaroyo significativo desde cu Minister Glenbert Croes a haya departamento aki bou di su encargo.

Un instituto cu ta ‘cater’ diferente sector den nos comunidad. Hobennan cu a drop out di scol por tuma cursonan na prijs social pa toch sigui capacita nan conocimiento cu por brinda nan un trabou cu un miho porvenir. Adultonan cu kier cambia di trabou, manera e ehempel cu Minister Glenbert Croes a duna, un security guard kier bay traha den mundo di casino, a sigui curso di casino dealer na EPE, capacitando su mes pa un miho trabou, cu miho pago. Personanan cu kier specialisa nan mes den e funcion cu nan tin awor tambe ta tumando cursonan na EPE pa por sigui crece den nan trabou. Un instituto di balor fundamental pa nos comunidad laboral.

Pero e vision di Minister Glenbert Croes ta bay mas leu. Manera ya ta conoci e titular di Energia recientemente a anuncia cu pronto Aruba lo tin su propio Hydrogen Valley. Eagle LNG ta den pleno ehecucion. Un compania Americano a muestra su interes den exploracion di gas den awa territorial di Aruba despues di haci su propio estudio profundo y extenso. E tereno di refinaria lo wordo converti den e industria energetico cu lo bira e proximo pilar economico pa pais Aruba. Pa stakeholders manera RDA, FMSA, WEB, ELMAR, pa e parke di molina di biento, pues pa tur e proyectonan aki nos ta bay tin mester di trahadonan cu conocimiento tecnico di e industria y aki ta unda Enseñansa pa Empleo SN ta haya su mision.

Pa e mandatario “San Nicolas is the land of opportunity” y kier ta un motor den crea oportunidadnan y desaroyo pa San Nicolas. Minister Glenbert Croes orguyosamente a anuncia di a duna e instruccion pa cuminsa cu e proceso pa habri Enseñansa pa Empleo Tecnico na San Nicolas.

Fortaleza pa Famia

Urgente: E diferencia entre profecia y Adivinacion

Tene bon cuenta:

PROFECIA ta bini di Dios y Adivinacion ta diabolico.

Den e tempo trabahoso cu mundo ta pasando aden, pa motibo cu e binida di Cristo ta acercando, y e wegá di diabel ta bay cabando lo lanta hopi profeta falso, y hopi hende lo entrega nan mes na adivinacion.

Hopi hende pa motibo di biba den inmoralidad y impuresa, caminda nan relacion cu Dios ta hopi debilita, of nan a rechasa Dios cu nan rebeldia y nan bida den scuridad, ta prefera biba un bida rondona cu adivinador, bruho y santero mescos cu Farao.

Hopi mandatario cu ta den poder rond mundo ta consulta bruhonan of ta consulta cu morto (Rey Saul) pa asina averigua cu nan ta keda den poder of nan gobierno a yega na un fin.

Entre boso no mag wordo haya ningun hende cu ta haci su yiu homber of yiu muhe pasa door di candela, ni ningun hende cu ta practica adivinacion, of cu ta practica bruheria, of cu ta pronostica, of cu ta practica magia. Ni ningun hende cu ta plega hende, of cu ta montado, spiritista, of cu ta consulta e mortonan. Pasobra ken cu haci e cosnan aki ta un abominacion pa Señor, y pa motibo di e abominacion aki, Señor bo Dios lo core cu nan for di bo dilanti.

Bo mester ta perfecto dilanti di Señor bo Dios (Deuteronomio 18:10-13).

Profeta ta un yamada di Dios, e no por ser cumpra cu placa pasobra un profeta tin cu papia locual Dios pone den su boca. Awendia mundo a bira moderno y controversial cu hende kier studia como profeta, sin tin e yamada di profeta. Como cu den tur cos placa ta drenta aden como engaño, nan ta sali cu certificado of diploma di profeta, pero nos tur sa cu e yamada Profetico ta bini solamente for di Dios, y na e fruta bo ta sa ken ta profeta berdadero of ken ta un babado.

Anto Señor a bisa mi: E profetanan ta profetisa mentira den mi nomber. Mi no a manda nan, ni a duna nan ordo, ni a papia cu nan: un vision falso, adivinacion, cos sin ningun balor y decepcion, di nan mes mente nan a profetisa na boso (Jeremias 14:14).

Profecia berdadero ta di acuerdo cu e palabra di Dios (2 Timoteo 3:16).

Profecia berdadero ta glorifica Hesus y no e profeta y no ta pone e profeta riba un pedestal (1 Juan 4:1-3).

Profecia berdadero ta guia hende na Dios, na un bon relacion cu Dios, y na humildad, y no orguyo.

Profecia beradero ta produci libertad, pasobra e ta di Spirito Santo, e no ta produci atadura, condenacion, confusion (Romanonan 8:15) (2 Corintionan 3:15).

Profecia berdadero ta 100% corecto y lo sosode (Deuteronomio 18: 21-22).

Profecia berdadero ta bini di Dios, Dios ta e fuente (1 Corintionan 12:4-11).

750 aña prome cu Cristo Hesus a nace Isaias a profetisa nacemento di Hesus (Isaias 7:14 y Isaias 9:6-7).

Hesus a spierta mundo completo tocante di profetanan falso cu lo lanta y cu diabel lo uza pa haci señalnan y si ta posibel, lo gaña hasta e eliganan (Mateo 24:24-25).

P'esey no ta bon pa cana puntra hende si nan tin un palabra pa bo, of busca palabra di profecia, pa bo no wordo engaña, pasobra ora Dios tin un palabra pa bo, Dios mes lo mande pa bo, spera riba Señor y no depende di hende.

Ta tempo pa uni den nos cas y busca cara di Dios, pa Dios, libra nos for di hende cu tin spirito di adivinacion.

Sinceramente, Pastor Marcel Balootje

When I am
afraid, I put my
trust in **YOU**.

—Psalm 56:3, NIV

“Senjor ta mi wardador, Mi no tin falta di nada;
Den cunucu di yerbe berde, E ta ponemi sosega.
E ta hibami na awa frankil, Pa mi bolbe hanja forsa.”
Salmo 23:1,2 3.

Cu profundo dolor na nos curason, pero conforme cu Dios su
boluntad nos ta anuncia fayecimento di nos Tata, Ruman, Omo,

AAA'S ANGELINE FLEMMING APPOINTED TO ACI LAC BOARD OF DIRECTORS 2024-2025

AAA's Angeline Flemming appointed to ACI LAC Board of Directors 2024-2025

ARUBA Airport Authority N.V. (AAA) proudly announces the appointment of Angeline Flemming, Director Health, Safety and Sustainability, to the Board of Directors of Airports Council International of the Latin America & Caribbean (ACI-LAC) as per January 1, 2024, for a period of two years.

ACI-LAC recently hosted the Annual General Assembly, Conference & Exhibition in Miami from November 5 to 7, 2023 which brought together over 500 senior executives of the airport industry from all over the world and featured discussion topics that shape the way in which the aviation industry is quickly evolving.

ACI-LAC was founded in 1991, with the mission to provide support for a secure, stable, efficient, and environmentally compatible airport systems. ACI-LAC represents the Latin America & Caribbean region of Airports Council International, the only worldwide professional association of airport operators. ACI -LAC has over 87 members, operating more than 365 airports in the Latin-American and Caribbean region. ACI-LAC has a range of global and regional initiatives to assist members in raising standards and promoting professional excellence in its member airports and to promote cooperation among all aviation industry sectors and its stakeholders, as well as national and international governments and organizations.

"AAA is extremely proud of the appointment and the important role that Angeline Flemming will be playing on behalf of our airport, to further promote safe and sustainable travel and other important aviation initiatives in the Latin America and Caribbean region. With her industry knowledge and vast experience, I am confident that Angeline will capably represent Aruba and the direct region's interests in the ACI-LAC Board", said Joost Meijs, CEO of AAA.

Angeline Flemming expressed to look forward to contributing to the ACI-LAC Board which is comprised of very knowledgeable and experienced Airport leaders. "I see this as a great opportunity for our island, to have a voice in regional developments and initiatives. But also, to learn from other Airports in the region and to tackle issues of mutual concern, like connectivity, workforce challenges, technological developments, and climate resilience. The LAC region has world-wide seen the most traffic growth post-covid, and this highlights even more the importance of operational efficiencies and collaboration. I am particularly honored and excited to be part of a historic Board composition, as on

January 1, 2024, for the first time in history, of the twenty board directors of ACI-LAC Board, five are female Aviation leaders, including the Board President Monika Infante, CEO of AERODOM."

About AUA Airport

AUA Airport is one of the busiest airports in the Caribbean region, with 22 different airlines operating into Aruba contributing to processing over 2.5 million passengers per year and providing air service to 30 cities and 45 non-stop destinations worldwide. AUA Airport's markets served comprise of 71% from the United States and Canada, 17% from Latin America, 7% from Europe, and 5% from Dutch Caribbean, year to date, October 2023. AUA Airport attributes this to the island's stable economic and political climate, hospitable and multilingual population, and safe environment. AUA Airport's aspiration is to become one of the most Sustainable, Safe, and Future Proof airports of the Latin America & Caribbean region, providing a trusted workplace, modern airport facilities and excellent customer service which reflects Aruban hospitality, contributing to a prosperous future for Aruba.

SETAR is pleased to announce its support for Carnival 70!

FOR over two decades of financial contribution, SETAR takes pride in being the Official Sponsor of Aruba's largest cultural celebration.

During a recent signing ceremony, SETAR's Director, Roland Croes, joined forces with the board members of Stichting Musica and SMAC to collectively make Carnival 70 an unforgettable experience.

A big applause for Aruba's 70 years of Carnival celebration. SETAR is ready to kick off 2024 with many joyful moments!"

More than 280 companies registered for the Virtual Trade Meeting between Aruba and Venezuela

ON November 9th, The Virtual Business Matchmaking took place at the Chamber of Commerce, both in-person and virtually via Zoom. Throughout a full day, Venezuelan entrepreneurs were able to connect with their counterparts in Aruba in a unique and novel setting for both Venezuela and Aruba. The interest was significant from both countries, with last-minute registrations exceeding 230 from Venezuela and more than 70 from Aruba.

The event focused on various Venezuelan commercial sectors presenting different product or service offerings, including their availability and quality.

Nine (9) sectors were highlighted: Tourism, Fishing, Construction, Real Estate, Petrochemical, Health Tourism, Technology, Agroindustry, and Health/Wellness. It has already demonstrated considerable interest from the business community to engage in commerce with each other,

evident in the number of registered companies and participation in the Virtual Business Matchmaking, where they are now in contact with each other.

Minister Wever sees an opportunity to stimulate and facilitate business transactions between Aruban and Venezuelan commerce, benefiting consumers with potentially better prices or a broader range and availability of products. Beyond the trade opportunities, the obstacles that need to be addressed to facilitate trade between our two countries were also presented.

Minister Wever prioritizes improving trade relationships with our neighboring countries to provide a wider array of products and services, potentially at better prices for citizens. We can expect cooperation, communication, and increased efforts in the upcoming season to further facilitate trade between Aruba and Venezuela."

Sharp Decline in Venezuelan Migrants at US-Mexico Border Following Resumption of Deportation Flights

THE number of Venezuelans illegally crossing the US-Mexico border has seen a significant decrease, nearly halving since deportation flights resumed last month. According to Customs and Border Patrol (CBP) statistics, there has been a 46% drop in arrivals of Venezuelans attempting to cross the border.

In early October, the US government, under President Joe Biden, announced its intention to deport Venezuelans who were ineligible for asylum or temporary legal status. This move comes amid a larger migration crisis, with over seven million people having fled Venezuela in recent years.

CBP figures released on Tuesday indicate that border agents apprehended 29,637 Venezuelans at the border last month, a considerable decline from the record high in September, which saw 54,833 apprehensions. Overall illegal entries along the southern border also decreased by 14% in October, dropping from nearly 219,000 in September.

Deportation flights to Venezuela began on October 18, led by US Immigration and Customs Enforcement (ICE). Since then, hundreds of Venezuelans have been repatriated. Acting CBP Commissioner Troy Miller attributed the significant decline

in Venezuelan illegal migrant detentions to the “resumption of removal flights,” emphasizing that these actions are consistent with delivering consequences for those crossing the border unlawfully.

In September, the US government announced that approximately 472,000 Venezuelans would be eligible for Temporary Protected Status (TPS) for 18 months. Those granted TPS status can work while awaiting the resolution of their asylum cases.

The influx of Venezuelan migrants into various US cities, including New York, Denver, and Chicago, has become a politically contentious issue. Even some Democratic elected officials have criticized the Biden administration’s handling of the matter. New York City Mayor Eric Adams, for instance, blamed the federal government for insufficient assistance in accommodating and providing services for the newly arrived migrants.

Venezuela’s economy, under the leadership of socialist President Nicolás Maduro since 2013, has collapsed, contributing to the mass migration of its citizens seeking better opportunities and living conditions elsewhere.

China's Increasing Influence on Colombian Infrastructure Sparks Concerns

CHINESE-CONTROLLED companies are gaining significant influence over critical infrastructure projects in Colombia, raising concerns about Beijing's growing imperial ambitions and its impact on the South American nation. Trade deals between China and Colombia from 2008 to 2019, coupled with increased investments, have allowed Chinese state-owned corporations to secure projects, often with the support of regional elites and former President Ivan Duque's administration.

One noteworthy project is the Sol de Oriente proposal by China's Small and Medium Business Corporation (CVCC), aiming to transform Colombia into a major Chinese warehouse in America. This project envisions a tax-free trade zone with 25,000 warehouses, a seaport, and an airport on the Caribbean coast. However, three other Chinese-backed port projects in Uraba are pending approval.

The construction of a port in the Gulf of Tribuga, backed by elites from Antioquia and Choco, aims to establish a direct naval route between Uraba and China. Despite previous government efforts to develop this project, it has faced setbacks and changes in direction.

Chinese companies are also involved in major highway projects, such as the Autopistas al Mar 2, connecting Medellin

to ports in Uraba. The China Harbour Engineering Company (CHEC) and local partners won the bid for this 254-kilometer highway. However, reports indicate a significant number of Chinese workers involved in the project.

The ports and highways facilitate the export of gold mined by the Chinese company Zijin Mining Gold in Buritica. Zijin's operations faced strikes and criticism for allegedly prioritizing Chinese workers over locals.

China's engagement extends to other sectors, including oil and gas, where Setco, a Chinese engineering firm, signed a contract to build a gas pipeline. Additionally, Chinese corporations are involved in hydroelectric dams, including the controversial project by China Three Gorges Corporation in the Atrato River.

Concerns about China's influence in Colombia also extend to solar energy projects, such as those involving Trina Solar Energy, and significant infrastructure projects like the Bogota Metro Line 1, where China Harbour Engineering Company leads a consortium.

These developments underscore the need for transparency and scrutiny in assessing the extent of Chinese influence on Colombia's critical infrastructure and its implications for the nation's economic and geopolitical landscape.

Netherlands Braces for Wettest Year on Record as Rainfall Soars

WHAT could be a historic meteorological milestone, the Netherlands is on track to experience its wettest year since records began in 1906, according to the Royal Netherlands Meteorological Institute (KNMI). As of Tuesday, the KNMI reported that this year's rainfall is rapidly approaching the current record of 1,109 millimeters set in 1998, with expectations that 2023 could surpass it, reaching approximately 1,079 mm.

The country has already encountered four periods of unusually high rainfall throughout the year, coupled with one exceptionally dry period in June. Notably, January, spring, July-August, and the ongoing October-November period have all witnessed precipitation levels exceeding the norm. The KNMI warns that the current wet weather pattern is anticipated to persist at least until November 28, with daily precipitation probabilities fluctuating between 60 to 90 percent.

The institute attributes these changing weather patterns to climate change, noting that Dutch summers are becoming drier while winters are growing wetter. However, the extent of this transformation varies among climate models. Approximately half of the models indicate a more pronounced increase in winter precipitation compared to the decrease in summer, while the remaining models suggest the opposite trend.

The Netherlands, historically known for its rainfall, has seen a substantial increase over the past century. About a hundred years ago, the country received an annual average of 700 millimeters of rain. Today, that figure has risen to around 850 mm, marking a 20 percent surge in rainfall. This notable shift underscores the tangible impact of climate change on the region's precipitation patterns.

As the country contends with the prospect of breaking its longstanding rainfall record, meteorologists emphasize the

importance of monitoring December's precipitation levels, as exceeding the average could solidify 2023 as the wettest year in Dutch history. The ongoing climatic shifts pose challenges for the nation, necessitating a continuous assessment of how changing weather patterns may influence daily life and regional ecosystems.

Schiphol's Shrinkage Plans Deferred for Another Year Amid US and EU Pressure

A surprising turn of events, plans to reduce operations at Schiphol Airport have been postponed for another year. Acting Minister of Infrastructure, Mark Harbers, had to withdraw part of his plan following pressure from the United States and Canada, along with a letter from the European Commission. Harbers sent a letter to the Dutch Parliament on Tuesday explaining the decision.

Over the past year, the minister faced legal battles against airlines opposing the shrinkage plans. Despite these challenges, the reduction plan was eventually approved, with the maximum number of flights at Schiphol set to decrease from 500,000 to 460,000 in the coming year and later to 452,000.

Recent international unrest resurfaced regarding the Schiphol reduction after the allocation of flight slots for the upcoming year. Due to the shrinkage, only airlines with historical rights would be eligible for a spot at Schiphol. This resulted in JetBlue, the American airline, losing the opportunity to fly to Schiphol next summer. In response, JetBlue urged the US government to restrict KLM's access to American airports.

Harbers noted in the parliamentary letter that the United States and Canada expressed concerns about the reduction plan, labeling it unjust, discriminatory, and distorting competition.

Another reason for postponing the reduction is a letter from the European Commissioner for Transport Adina-Ioana Vălean, received by the Dutch Ministry of Infrastructure. Vălean raised serious concerns about not following the balanced approach procedure, stating that the EU rules require the correct sequence of steps to reduce noise. Airlines should have the chance to achieve this in ways other than reducing flights, a consistent critique from airlines.

Harbers mentioned in the letter that the decision to defer the reduction for the coming year is "a bitter pill for the community." However, he emphasized that the government remains committed to restoring the balance between Schiphol and its surroundings.

The reduction plan also included a significant limitation on the number of night flights. Since this aspect is now on hold, Harbers has asked KLM to minimize noise disturbance by deploying the quietest planes for nighttime flights starting March 2024.

Schiphol, fully owned by the government, expressed disappointment in a statement, stating that the reduction of flights was not a goal in itself, but it provided clarity for residents. The airport emphasized the need for reduced inconvenience for residents, emphasizing the importance of night closure, a ban on private flights, and restrictions on the noisiest planes.

Dutch Political Landscape Shifts as BBB Loses Ground in Latest Polls

WITH just one week left until the elections, the latest seat polls from EenVandaag and Ipsos show stability among the top three parties, with no changes for the VVD, NSC, and GroenLinks-PvdA. However, the BBB party experienced a setback, losing three seats, bringing its total to 9 (-3).

The VVD maintains its leading position with 28 seats, while Nieuw Sociaal (NSC) holds steady at 26 seats, and GroenLinks-PvdA gains one seat, reaching a total of 23. Despite this apparent stability, the upcoming week remains crucial, as only 40% of voters are entirely certain of their choice just eight days before the elections.

Little Movement in Major Parties

Despite increased media attention on the elections, there is minimal movement among the major parties. The top contenders have maintained relative stability for several weeks, although GroenLinks-PvdA is gradually closing the gap with the VVD and NSC.

The PVV, positioned behind these three parties, maintains its standing with 17 seats in the polls conducted partly before the last RTL debate.

BBB Faces Further Decline

In contrast, BBB faces a notable decline. The party, which held the lead in seat polls with 30 seats in April following the Provincial state elections, is now on a downward trajec-

tory. Just ahead of the parliamentary elections, BBB loses an additional three seats, bringing its total to 9 seats.

Criticism is mounting against BBB leaders, with concerns raised about the perceived wavering stance of leader Caroline van der Plas in debates and criticism of the visibility of prime ministerial candidate Mona Keijzer.

D66 and CDA Struggle

Despite the dwindling time, the newly appointed leaders of D66 and CDA have not been able to reverse their parties' fortunes. D66, led by Rob Jetten, is at 9 seats, the same as BBB, while Henri Bontenbal's CDA remains at 4 seats, continuing its challenging position.

As the elections draw near, uncertainty prevails among voters, with only 40% completely certain of their choices. This percentage is slightly lower than the corresponding period before the previous parliamentary elections in March 2021.

D66 voters appear particularly uncertain, with only 30% expressing complete certainty about their choice. This presents an opportunity for GroenLinks-PvdA to attract voters from the D66 camp.

As the election landscape remains unpredictable, the next week could witness shifts that impact the outcome.

Argentine Wonderkid Claudio Echeverri Downplays 'Next Messi' Comparisons

THE realm of South American football, emerging talents often find themselves burdened with comparisons to legendary figures like Lionel Messi. The latest prospect generating buzz is 17-year-old Argentine wonderkid Claudio Echeverri, who has already made his senior debut for River Plate in 2023. Despite his rapid ascent, Echeverri is quick to distance himself from being labeled as the 'next Messi.'

Echeverri, acknowledging Messi as his idol, humbly asserts, "I'm nowhere near Messi!" He points out another Argentine great, Pablo Aimar, currently part of the national team staff, as a more suitable comparison. Echeverri emphasizes Aimar's influence on him, describing him as a great person who provides valuable insights into refining his game. According to Echeverri, Aimar's playing style, characterized by taking on defenders, aligns more closely with his own.

The young forward, already attracting attention from European heavyweights, attributes his standout qualities to his remarkable speed. Echeverri expresses his eagerness to swiftly maneuver on the ball and push forward, making speed a key asset in his burgeoning career.

While cautious about the 'next Messi' tag, Echeverri has ambitious aspirations. Having fulfilled his dream of making his debut for River Plate's first team, he now sets his sights on representing the senior national team. He shares, "Now, it's probably playing for the senior national team. That's my dream."

Echeverri's trajectory reflects the ongoing tradition in Argentine football, where the search for the 'next' iconic player is a constant narrative. As he navigates the early stages of his career, Echeverri aims not only to carve his path but also to draw inspiration from the illustrious figures who have shaped the footballing landscape of Argentina. The football world watches with anticipation as this promising talent strives to make his mark beyond the comparisons and into the realm of his distinct achievements.

Joshua, Wilder, and Bivol Set to Headline Exciting Boxing Extravaganza

AN eagerly anticipated event, former heavyweight champions Anthony Joshua and Deontay Wilder are poised to headline separate bouts on December 23 in Riyadh, Saudi Arabia, paving the way for a potential clash between the heavy-hitting giants shortly.

According to sources close to ESPN, Joshua is slated to face Otto Wallin, renowned for giving Tyson Fury a tough challenge in 2019. Simultaneously, Wilder will step into the ring against former heavyweight titleholder Joseph Parker. If both fighters emerge victo-

rious, it sets the stage for a long-awaited showdown between the two formidable heavyweights, with Wilder often regarded as one of the most devastating punchers in the history of the heavyweight division.

Adding to the star-studded card, Dmitry Bivol is set to defend his WBA light heavyweight title against Lyndon Arthur. Bivol, ESPN's Fighter of the Year for 2022, looks to maintain his momentum following notable wins over Canelo Alvarez and Gilberto Ramirez.

The undercard promises intense matchups, featuring heavyweights Daniel Dubois against Jarrell "Big Baby" Miller and Frank Sanchez against Junior Fa. Cruiserweight champion Jai Opetaia touted as ESPN's top-ranked 200-pounder, will also showcase his skills.

Originally slated for an undisputed

heavyweight championship bout on December 23, Tyson Fury and Oleksandr Usyk's clash was rescheduled to February 17 after Fury's hard-fought victory over Francis Ngannou. This created an opportunity for Saudi officials to curate a stacked card featuring the third- and fourth-ranked heavyweights.

Joshua, currently ESPN's No. 4 heavyweight, comes into the event with recent victories, including a seventh-round knockout of Robert Helenius. Wilder, with a 43-2-1 record, boasts a powerful return, securing a first-round knockout against Helenius last October. As the boxing world eagerly anticipates these marquee matchups, the December 23 event in Riyadh promises to deliver a thrilling spectacle with the potential for future blockbuster showdowns in the heavyweight division.

Disparity in NFL Playoff Races Sparks Calls for Conference Reshuffling

AS the NFL season progresses, a glaring contrast between the AFC and NFC playoff races has pundits and fans alike questioning the current conference structure. In a recent analysis by NFL writer Charles McDonald, the AFC emerges as a powerhouse, boasting a robust collection of playoff-caliber teams led by franchise quarterbacks. On the flip side, the NFC appears to be struggling to match the talent and quality seen in its counterpart.

The AFC, with its depth of postseason contenders, is home to a fierce competition among several teams, including those quarterbacked by the likes of C.J. Stroud, Joe Burrow, and Josh Allen. The article points out that these are the quarterback talents fans want to see in the playoffs. Meanwhile, the NFC's fringe teams, led by quarterbacks such as Derek Carr, Jameis Winston, Sam Howell, Baker Mayfield, Desmond Ridder, and Taylor Heinicke, seem to fall short in comparison.

A particular focus is given to the NFC South, where the 5-5 New Orleans Saints currently lead the division. Despite recent struggles, including a loss to the Minnesota Vikings

led by Josh Dobbs, the Saints find themselves in a position to host a playoff game. The Falcons, on a three-game losing streak, and the Buccaneers, with a firmly mediocre performance, are also in contention for a playoff spot, raising eyebrows about the NFC's overall competitiveness.

Examining the projected 2024 draft order, the NFC dominates the top 10, further highlighting the conference's struggles compared to the AFC. The article suggests a potential solution: a reevaluation of the playoff structure or even conference reshuffling to ensure the most competitive teams, especially those with top quarterbacks, make it to the postseason.

While rules dictate that seven teams from each conference will make the playoffs, the disparities between the AFC and NFC have ignited discussions about the need for change.

As the playoffs approach, the question remains whether the current system does justice to the level of competition witnessed in the AFC, leaving fans and analysts curious about potential adjustments to level the playing field.

Emma Hayes Appointed Head Coach of USWNT in Landmark Deal

A groundbreaking move, Emma Hayes, the accomplished manager of Chelsea women's team, has officially been named the new head coach of the United States women's national team (USWNT). The announcement comes with a record deal that extends through 2027, making Hayes the highest-paid women's soccer coach globally, as confirmed by the U.S. Soccer Federation.

Sources reveal that Hayes' salary is expected to be on par, if not equal, to that of U.S. men's national team manager Gregg Berhalter, whose annual earnings amount to \$1.6 million, with bonuses factoring into the equation for both coaches. Importantly, the significant compensation is seen as a reflection of what was necessary to lure Hayes away from her successful tenure at Chelsea, rather than an adherence to equal pay principles.

Expressing her excitement about the opportunity, Hayes stated, "This is a huge honor to be given the opportunity to coach the most incredible team in world football history."

She acknowledged the work needed to achieve consistent success at the highest levels and emphasized the dedication, devotion, and collaboration required from players, staff, and the U.S. Soccer Federation.

Hayes will officially assume her role as USWNT manager at the conclusion of Chelsea's season in May. In the interim, Twila Kilgore will continue in her role as interim manager and eventually transition to a full-time assistant on Hayes' staff.

The move to secure Hayes as the head coach is considered a strategic decision aimed at the long-term success of the USWNT. Despite the six-month delay until she takes over full-time, U.S. Soccer believes that Hayes' leadership and coaching acumen will significantly contribute to the program's future achievements.

With Hayes on board, the USWNT looks forward to preparing for the 2024 Summer Olympic Games in Paris. The federation insists that the hire reflects a commitment to the team's sustained success, and discussions between U.S. Soccer and Chelsea are ongoing regarding the extent of Hayes' involvement in the coming months.

Emma Hayes brings a wealth of experience, having led Chelsea to multiple titles during her 12-year stint, making her a coveted asset in women's soccer. The recruitment of Hayes stands as a significant coup for U.S. Soccer, with expectations running high for her to continue the legacy of the USWNT's success on the global stage.

Gold Surges as US Inflation Softens, Fuelling Hopes of Stable Interest Rates

A dramatic turn of events, the price of gold (XAU/USD) experienced a notable upswing following the release of softer-than-expected US Consumer Price Index (CPI) data for October. The monthly headline CPI exhibited no growth against the anticipated 0.1% rise, while core inflation rose by a slower-than-expected 0.2%, compared to the previous reading of 0.3%. On an annual basis, headline inflation softened to 3.2%, falling short of the consensus of 3.3% and the 3.7% recorded in September. Similarly, core CPI decelerated nominally to 4.0%, in contrast to estimates and the prior reading of 4.0%.

The precious metal's surge coincided with a decline in the US Dollar, as the Federal Reserve (Fed) contemplates a neutral monetary policy outlook. Despite the commitment to bringing inflation down to 2%, the Fed remains cautious, signaling a readiness to raise rates further if inflation persists.

Richmond Fed Bank President Thomas Barkin acknowledged progress on inflation but expressed skepticism about a smooth path to the 2% target. Barkin cautioned that more actions are needed to curb demand and inflation, underlining the Fed's commitment to addressing economic challenges.

The decline in US inflation figures has prompted a surge in

gold prices, reaching nearly \$1,960. The market reaction reflects the anticipation that the Fed may not strongly advocate for additional interest rate hikes, given the nominal decline in inflation. This sentiment is bolstered by the odds presented by the CME Group Fedwatch tool, indicating a 15% chance of a rate increase at the December meeting and a 25% chance in January 2024.

As Fed Chair Jerome Powell and colleagues remain uncertain about the adequacy of current interest rates in controlling inflation, investors eagerly await speeches from Fed policymakers Michael Barr and Austan Goolsbee. The US Dollar Index (DXY) plunged to near 104.80 amid expectations that the Fed may halt interest rate hikes, while 10-year US Treasury yields plummeted to around 4.48%.

While the bullion appeal has strengthened with the softer inflation report, geopolitical tensions in the Middle East have not significantly escalated. Gold's technical analysis indicates a strong recovery, surpassing \$1,960, driven by the substantial decline in headline inflation data. Investors are also keeping a close eye on the upcoming monthly US Retail Sales data for October, with expectations of a contraction in consumer spending.

In this dynamic economic landscape, gold's trajectory is intricately linked to evolving inflationary patterns and the Federal Reserve's nuanced approach to interest rates.

Pros and Cons of Innovation

WHEN innovation moves too quickly, it can lead to both positive and challenging outcomes.

Here's a brief exploration of the dynamics involved:

Positive Aspects:

- *Technological Advancements:* Rapid innovation often results in groundbreaking technological advancements, pushing the boundaries of what is possible and driving progress in various fields.
- *Increased Efficiency:* Quick innovation can lead to more efficient processes, improving productivity and reducing costs. This is particularly beneficial in industries where time is of the essence.
- *Competitive Edge:* Companies that can adapt swiftly to new technologies gain a competitive edge. Rapid innovation allows businesses to stay ahead of the curve and meet evolving consumer expectations.
- *Medical Breakthroughs:* In fields like medicine, rapid innovation can lead to the discovery of new treatments, drugs, and medical technologies, potentially saving lives and improving healthcare outcomes.

Challenges:

- *Ethical Concerns:* The speed of innovation may outpace society's ability to address ethical concerns related to new technologies. Issues such as data privacy, AI ethics, and genetic engineering can arise without clear regulatory frameworks.
- *Job Displacement:* Rapid technological advancements, such as automation and artificial intelligence, can lead to job displacement. Industries undergoing quick innovation may struggle to provide adequate retraining opportunities for affected workers.

- *Security Risks:* Quick innovation can result in vulnerabilities, especially in the digital realm. Cybersecurity may lag behind the development of new technologies, exposing systems to potential threats.
- *Consumer Adaptation:* Consumers might find it challenging to adapt to rapid changes, especially if the innovations affect their daily lives. New technologies may not be universally accessible or user-friendly.
- *Environmental Impact:* Innovation often comes with the creation and disposal of electronic devices, contributing to electronic waste. The rapid pace of innovation can exacerbate environmental concerns if proper recycling and disposal practices are not in place.

Balancing Act:

Achieving a balance between rapid innovation and thoughtful consideration of its implications is crucial. **This involves:**

- *Regulatory Frameworks:* Governments and regulatory bodies play a vital role in creating frameworks that balance innovation with ethical, legal, and societal considerations.
- *Public Awareness:* Educating the public about the benefits and risks of new technologies promotes responsible adoption and ensures that individuals can make informed decisions.
- *Collaboration:* Encouraging collaboration between innovators, industry stakeholders, and policymakers facilitates a more holistic approach to addressing challenges associated with rapid innovation.

While rapid innovation brings immense possibilities, a thoughtful and inclusive approach is essential to navigate the complexities and potential drawbacks associated with the speed of change.

The Crucial Role of Sports Psychology in Athletic Success

THE dynamic realm of sports, where physical prowess meets mental fortitude, the significance of sports psychology has emerged as a powerful catalyst for unlocking peak performance. Beyond the physical training regimens and strategic game plans, the mental resilience and focus cultivated through sports psychology often become the differentiator between victory and defeat.

Mental Toughness:

Sports psychology equips athletes with tools to develop mental toughness—a key attribute in the face of adversity. Whether facing a formidable opponent or dealing with high-pressure situations, athletes trained in sports psychology techniques are more adept at staying focused, maintaining composure, and bouncing back from setbacks.

Performance Optimization:

Understanding the psychology of peak performance is central to sports psychology. Athletes learn to fine-tune their mental processes, harnessing the power of visualization, positive self-talk, and goal-setting to optimize their performance. This mental conditioning proves instrumental in achieving personal bests and breaking through performance plateaus.

Stress Management:

High-stakes competitions often come with intense pressure. Sports psychology provides athletes with effective stress management strategies, ensuring that nerves and anxiety don't compromise their abilities. By cultivating mindfulness and stress-reducing techniques, athletes can step onto the field with a clear mind and heightened focus.

Goal Setting and Motivation:

Goal setting is not merely a physical endeavor; it is deeply rooted in the psychology of motivation. Sports psychologists work with athletes to establish realistic and motivating goals. This process fuels intrinsic motivation, propelling athletes to push their boundaries and strive for continuous improvement.

Team Dynamics:

Successful sports teams are not just a collection of individual talents; they are cohesive units with synchronized goals. Sports psychology plays a pivotal role in fostering effective team dynamics. Athletes learn to communicate better, trust their teammates, and navigate challenges collectively,

creating a synergy that enhances overall team performance.

Injury Recovery and Resilience:

Dealing with injuries is an inevitable part of an athlete's journey. Sports psychology contributes significantly to the rehabilitation process by helping athletes cope with the mental and emotional challenges of recovery. Building resilience becomes a crucial aspect of bouncing back stronger and with renewed determination.

Confidence Building:

Confidence is the cornerstone of athletic success. Sports psychology interventions focus on building and maintaining a healthy level of confidence. Athletes learn to overcome self-doubt, visualize success, and carry a self-assured mindset into competitions, enhancing their overall performance.

The relentless pursuit of excellence, sports psychology emerges as a game-changer. It transforms the athlete's mindset from a supporting element to a primary driver of success. As athletes increasingly recognize the integral role of mental conditioning in their performance, the adoption of sports psychology principles becomes a strategic investment in achieving and sustaining the pinnacle of athletic achievement. In the arena where physical abilities meet mental resilience, sports psychology stands as the winning edge that propels athletes toward greatness.

The Fragrant Guardian of Biodiversity:

Lavender's Importance Extends Beyond Aroma

THE enchanting world of flora, lavender emerges as a botanical marvel, not merely for its delightful fragrance but as a crucial ally in preserving ecosystem biodiversity. This unassuming herbaceous plant, with its slender stems and vibrant purple blooms, serves as a beacon, drawing in pollinators and contributing to the intricate dance of nature.

Lavender's aromatic allure is not just a treat for the senses; it plays a pivotal role in supporting the biodiversity of ecosystems. Bees, butterflies, and other pollinators are irresistibly drawn to the nectar-rich blossoms of lavender. As these winged visitors flit from flower to flower, they unwittingly become vital agents in the pollination process, fostering the reproduction of various plant species.

The significance of lavender in supporting pollinators goes beyond its own blossoms. By attracting bees and butterflies, lavender indirectly contributes to the pollination of neighboring plants, thus promoting a diverse array of flora. This interconnected web of pollination is fundamental to the reproduction of countless plant species, ensuring the continued existence of floral diversity within the ecosystem.

Amidst growing concerns about declining pollinator populations, lavender stands as a verdant oasis, offering sustenance to these essential contributors to biodiversity. As bees and butterflies frequent lavender patches, they engage in the transfer of pollen, facilitating the fertilization of plants that may otherwise struggle to reproduce. Furthermore, the positive impact of lavender extends to the broader environment. Pollinator-friendly gardens and fields adorned with lavender not only enhance the aesthetic appeal but also contribute to the health of surrounding ecosystems. A thriving pollinator population supports the reproduction of wildflowers, fruits, and vegetables, creating a ripple effect that reaches every corner of the ecosystem.

In the midst of environmental challenges, lavender emerges as a natural ally, showcasing that even the simplest of plants can play a vital role in maintaining the delicate balance of biodiversity. As we appreciate the calming fragrance of lavender, let us also recognize and celebrate its unsung role as a guardian of nature's intricate tapestry, a fragrant ambassador for the flourishing diversity that graces our planet.

The Paralysis of Analysis:

Navigating the Pitfalls of Overthinking

THE intricate dance of decision-making and problem-solving, there exists a delicate balance between thoughtful consideration and the looming specter of overthinking.

The latter, akin to a relentless mental loop, can become a labyrinth that hinders progress, stifles creativity, and breeds unnecessary anxiety. In this exploration, we delve into the phenomenon of overthinking, its roots, its consequences, and strategies to break free from its paralyzing grip.

The Anatomy of Overthinking:

Overthinking is more than a fleeting moment of pondering; it's a persistent state of mental overdrive. It often manifests in an incessant analysis of past actions, potential future scenarios, and an overwhelming array of "what ifs." This continuous mental loop can impede decision-making, sap creativity, and lead to a state of analysis paralysis.

The Roots of Overthinking:

Fear of Failure: The fear of making the wrong decision or failing can trigger overthinking. The mind, in an attempt to avoid perceived negative outcomes, engages in a perpetual cycle of analysis.

Perfectionism: The relentless pursuit of perfection sets the stage for overthinking. Every decision, no matter how trivial, becomes a quest for an ideal that may be unattainable.

Lack of Confidence: A lack of confidence in one's abilities or judgment can fuel overthinking. The constant second-guessing becomes a protective mechanism, albeit an inhibiting one.

Decision Fatigue: The cumulative effect of making numerous decisions can lead to decision fatigue, making subsequent choices more susceptible to overthinking.

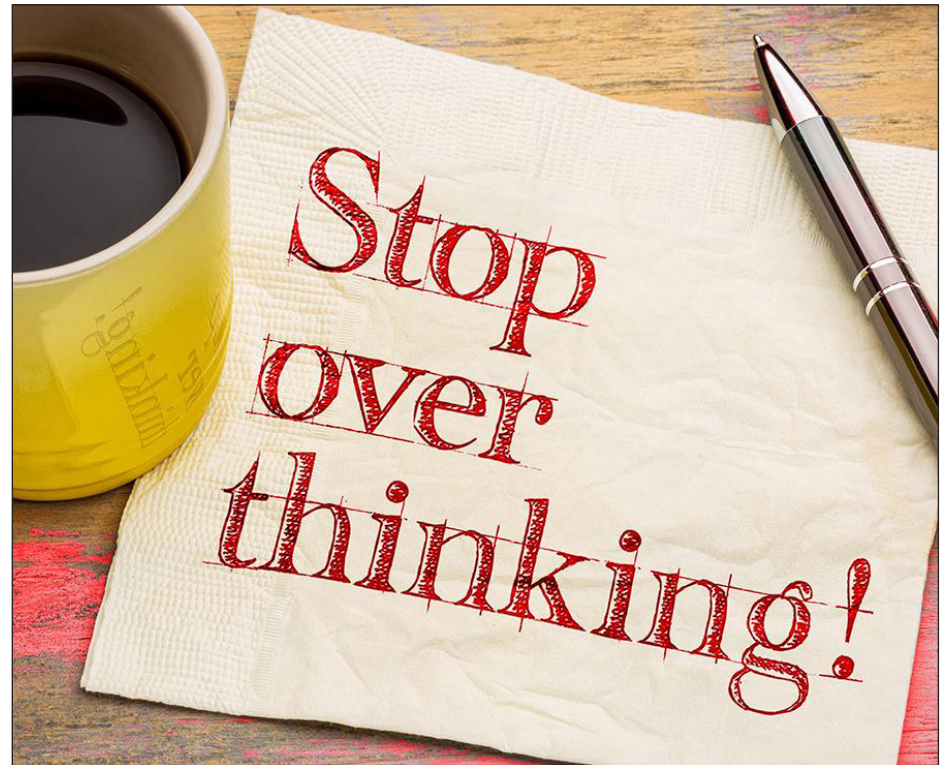

The Consequences of Overthinking:

Decision Paralysis: Overthinking can render decision-making an arduous task, resulting in indecision or avoidance altogether.

Creativity Stifling: The incessant analysis can stifle creativity, as the mind becomes entangled in a web of considerations and doubts.

Increased Stress and Anxiety: Overthinking is often accompanied by heightened stress and anxiety, as the mind wrestles with imagined scenarios and potential pitfalls.

Strained Relationships: Overthinking can extend to interpersonal interactions, leading to misinterpretations, assumptions, and strained relationships.

Breaking Free from the Overthinking Cycle:

Set Realistic Expectations: Embrace the reality that perfection is elusive. Setting realistic expectations allows for a more forgiving approach to decision-making.

Focus on Solutions, Not Problems: Shift the mental focus from dwelling on problems to actively seeking solutions. This proactive mindset helps break the cycle of overthinking.

Establish Decision-Making Criteria: Define clear criteria for decision-making. Having a structured approach provides a framework that reduces the likelihood of excessive contemplation.

Practice Mindfulness: Cultivate mindfulness to stay present and curb the tendency of the mind to wander into a spiral of overthinking. Techniques such as meditation can be valuable in fostering mindfulness.

Seek Perspective: Engage in conversations with trusted friends, mentors, or colleagues to gain outside perspectives. This external input can offer valuable insights and break the echo chamber of overthinking.

Overthinking, though a common human experience, need not be an insurmountable obstacle. Recognizing the signs, understanding its roots, and implementing strategies to break free from its grip empowers individuals to navigate decision-making with clarity and confidence.

In a world that often demands swift and thoughtful action, cultivating a balanced mindset becomes the key to unraveling the complexities of overthinking and embracing a more purposeful and decisive approach to life's challenges.

Cool Innovations:

Ice Tray Hacks Transform Daily Routines

THE realm of household items, the humble ice tray has emerged as a versatile tool, unleashing a wave of innovative life hacks that go beyond the conventional use of freezing water. From enhancing beverage experiences to streamlining daily tasks, these ice tray hacks have taken creativity to new heights.

Culinary Artistry:

Herb Infused Cubes: Elevate your culinary creations by freezing fresh herbs in olive oil. These herb-infused cubes add a burst of flavor to your dishes, making meal preparation both efficient and delicious.

Citrus Bliss: Squeeze fresh citrus juices and freeze them in ice cube trays. These vibrant cubes can be tossed into drinks or recipes, ensuring a zesty touch without the need for cutting and squeezing every time.

Coffee Connoisseur's Dream:

Coffee Ice Cubes: Bid farewell to diluted iced coffee. Pour leftover brewed coffee into ice trays and freeze. These coffee cubes maintain the rich coffee flavor, ensuring your iced coffee stays robust until the last sip.

Mocha Magic: Take it a step further by adding a splash of chocolate or vanilla milk to your coffee cubes. As they melt, they transform your regular coffee into a delightful mocha experience.

Beverage Brilliance:

Fruit-Infused Ice: Jazz up your drinks with fruit-infused ice cubes. Freeze berries, citrus slices, or mint leaves in water, creating visually appealing and flavorful ice cubes to enhance any beverage.

Wine Cubes: Prevent wine dilution by freezing leftover wine into cubes. Perfect for adding a touch of chilled elegance to your glass without compromising the wine's integrity.

Frozen Freshness:

Baby Food Portions: Prepare and freeze baby food in individual portions using an ice tray. This not only ensures freshness but also simplifies mealtime for busy parents.

Smoothie Starter Packs: Create ready-to-blend smoothie packs by freezing measured portions of fruits and veggies. These convenient packs make mornings smoother and healthier.

The age of ingenious solutions, the ice tray has emerged as a household hero, transforming the ordinary into the extraordinary.

As these innovative hacks redefine the way we approach daily tasks, it's clear that the ice tray is no longer just a freezer accessory but a canvas for creative and practical ingenuity. Embrace the freeze and let these hacks coolly revolutionize your routines.

Saturday Morning Cartoons:

A Nostalgic Tapestry of Childhood Joy

THE landscape of childhood memories, few experiences are as vivid and cherished as the ritual of watching Saturday morning cartoons. For those who grew up in the era when the weekend began with a bowl of cereal and animated adventures, the importance of Saturday morning cartoons transcends mere entertainment; it is a cultural phenomenon that shaped the fabric of our youth.

The Anticipation:

Saturday morning wasn't just a day; it was an event. The anticipation that built up throughout the school week, culminating in the joyous moment when the weekend arrived, was a thrill in itself. The prospect of escaping into animated worlds filled with colorful characters and imaginative storytelling fueled the excitement.

The Gathering:

It was a communal experience. Friends and siblings would gather around the television, often in pajamas, creating a shared space where laughter and excitement filled the room. The social aspect of Saturday morning cartoons strengthened bonds, fostering a sense of camaraderie among those who reveled in the same animated wonders.

The Variety:

Saturday morning offered a smorgasbord of animated delights. From classic characters like Bugs Bunny and Mickey Mouse to superhero adventures and futuristic escapades, the variety of cartoons catered to diverse tastes. The lineup was a kaleidoscope of creativity, ensuring there was something for everyone.

Imagination Unleashed:

Cartoons were a gateway to worlds where imagination knew no bounds.

Whether exploring the depths of the ocean with SpongeBob SquarePants or soaring through the cosmos with the Jetsons, Saturday morning cartoons fueled the imagination, encouraging a generation to dream beyond the confines of reality.

Life Lessons Wrapped in Animation:

Beneath the humor and vibrant animation lay valuable life lessons. From friendship and teamwork to morality tales, cartoons often imparted wisdom in a palatable and engaging manner. Characters like Scooby-Doo and the Mystery Inc. gang taught problem-solving, while superheroes exemplified courage and justice.

Cultural Phenomenon:

Saturday morning cartoons became a cultural touchstone. The jingles and catchphrases became part of the lexicon. Animated characters transcended the screen, appearing on lunchboxes, backpacks, and T-shirts. The impact of these cartoons extended beyond the television, influencing fashion, toys, and even breakfast cereal choices.

A Respite from Reality:

In a world that could sometimes feel

overwhelming, Saturday morning cartoons offered a respite from reality. It was a time to escape into the fantastical realms created by animators, where problems were solved, villains were thwarted, and laughter was abundant.

Shaping Creativity:

The influence of Saturday morning cartoons on creativity is immeasurable. Many artists, writers, and creators attribute their passion for storytelling and animation to the formative experiences of watching cartoons on those weekend mornings. The impact continues to resonate in the world of entertainment and creativity.

As we look back on those cherished Saturday mornings, we recognize that the importance of cartoons went far beyond mere entertainment. It was a cultural phenomenon that shaped our values, fueled our imaginations, and created lasting bonds.

In the fast-paced world of today, Saturday morning cartoons stand as a nostalgic testament to the joyous simplicity of childhood—an era when the only decision was which animated world to dive into next.

The World of Chocoholism

A world where indulgence meets temptation, the allure of chocolate transcends mere taste buds—it becomes a passion, an irresistible craving for many. Chocoholism, the enchanting yet complex relationship individuals have with chocolate, unveils a fascinating journey through pleasure, culture, and the science behind this delectable obsession.

Chocoholism, characterized by an insatiable desire for chocolate, taps into the sensory delights that cocoa presents. The velvety texture, the rich aroma, and the complex symphony of flavors trigger pleasure centers in the brain, releasing endorphins that provide an instant mood lift. It's a hedonistic experience that goes beyond mere consumption; it's a ritual, a comforting indulgence in both celebration

and solace.

The roots of chocoholism delve into the cultural and historical significance of chocolate. From ancient civilizations considering it the “food of the gods” to its role in European courts as a luxury delicacy, chocolate has woven itself into the fabric of human celebration and indulgence. Today, it stands as a symbol of romance, a gesture of love packaged in glossy wrappers and tied with silky ribbons.

Behind the allure, there's a scientific explanation for the addictive nature of chocolate. The presence of compounds like theobromine and phenylethylamine, known as “feel-good” chemicals, contributes to the pleasurable sensations experienced when consuming chocolate. These

compounds, combined with sugar and fat, create a potent trifecta that triggers a sensory bliss many find difficult to resist.

Navigating chocoholism is a delicate balance—one that enthusiasts often willingly embrace. However, moderation becomes the watchword to avoid the pitfalls of excessive indulgence.

Understanding the psychology and biochemistry behind the allure of chocolate allows individuals to savor the experience responsibly, transforming chocoholism from a potential vice into a delightful, mindful celebration of one of life's sweetest pleasures.

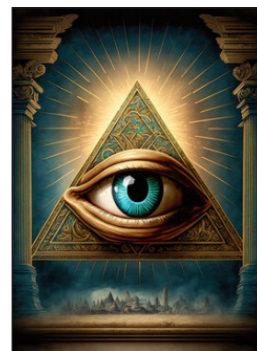

Unveiling the Mystique of The Eye of Ra, The Eye of Providence, and The All-Seeing Eye

THE vast tapestry of symbolism that has woven itself into the fabric of human history, few motifs command as much reverence, mystery, and influence as the eyes that have transcended cultures and civilizations. The Eye of Ra, the Eye of Providence, and the All-Seeing Eye, though distinct in their origins, share a common thread of profound significance that has left an indelible mark on the collective consciousness of humanity.

The Eye of Ra, rooted in ancient Egyptian mythology, symbolizes the all-seeing, benevolent eye of the sun god Ra. Often depicted as a powerful, watchful eye, it represented protection, healing, and the omnipresence of divine authority. Egyptians believed that Ra's eye could both nurture life and unleash destruction, showcasing the duality of cosmic forces.

The Eye of Providence, a symbol with roots in Christian iconography, features an eye enclosed within a triangle, often accompanied by rays of light. Widely associated with divine providence, it conveys the idea of God's watchful guidance over the world. Embraced by various religious and governmental institutions, this symbol reflects the belief in a higher power overseeing human affairs.

The All-Seeing Eye, an amalgamation of various cultural influences, has become an enduring emblem, synonymous with enlightenment, wisdom, and vigilance. This eye, typically enclosed in a pyramid, has found its way into Masonic symbolism and the Great Seal of the United States,

embodying principles of knowledge, order, and the pursuit of a greater understanding.

These symbols, though originating from different contexts, share a common thematic resonance—the idea of an ever-watchful, guiding eye.

Their enduring impact on humanity lies in their ability to evoke a sense of awe, mystery, and a connection to forces beyond the mundane. From religious institutions to secret societies, these eyes have become conduits for profound meaning, inspiring both reverence and curiosity.

As we traverse the corridors of history, these eyes continue to cast their gaze, transcending time and cultural boundaries. They remain not only powerful symbols of spirituality and governance but enduring reminders of the universal human quest for insight, guidance, and a connection to the divine.

In the gaze of these mystical eyes, humanity finds a reflection of its eternal pursuit of understanding in the vast tapestry of existence.

Life Hacks:

Simplifying the Everyday with Easy Solutions

A world where time is a precious commodity and efficiency is key, the allure of life hacks has become a cultural phenomenon. These ingenious shortcuts and clever solutions aim to simplify the complexities of daily life, offering quick and easy remedies for common challenges.

From household tasks to time management, life hacks have evolved into an accessible toolkit for those seeking simplicity in the midst of a bustling world.

The Essence of Life Hacks:

Life hacks are like the Swiss Army knives of daily living—simple, versatile, and ready to tackle a myriad of challenges. They embody the spirit of making things easier, saving time, and often repurposing common items to serve unexpected purposes.

Streamlining Household Chores:

Household tasks, often seen as mundane, are ripe for life hack solutions. From using vinegar to clean stubborn stains to repurposing ice cube trays for efficient storage, these hacks transform chores into manageable, even enjoyable, endeavors.

Time Management Made Simple:

Life hacks excel in the realm of time management. Techniques like the Pomodoro method, where work is divided into intervals with short breaks, or employing productivity apps to streamline tasks, empower individuals to make the most of their time.

Culinary Shortcuts in the Kitchen:

Cooking, once perceived as a time-consuming chore, has been revolutionized by kitchen life hacks. From slicing cherry tomatoes between two lids to easily peeling garlic using the back of a knife, these hacks make culinary adventures accessible to all, regardless of expertise.

Budget-Friendly Solutions:

Frugality and resourcefulness go hand in hand with life hacks. From repurposing household items to create DIY solutions to common problems, these hacks empower individuals to navigate life's challenges without breaking the bank.

The Tech-Savvy Shortcut:

In the digital age, life hacks extend into the realm of technology. From keyboard shortcuts to productivity apps that streamline daily tasks, these hacks enhance efficiency and simplify the often overwhelming world of digital interfaces.

**Traveling Smart:**

Traveling can be a source of stress, but life hacks offer solutions to common travel woes. Packing efficiently using the rolling technique, securing loose cables with binder clips, or creating a DIY phone holder from a sunglasses case—all contribute to a smoother journey.

Mindful Living:

Life hacks extend beyond practical solutions to foster a sense of mindfulness. Techniques like the 5-4-3-2-1 grounding exercise help individuals stay present and manage stress in moments of overwhelm.

The Universal Appeal:

Life hacks have a universal appeal because they acknowledge that everyone seeks simplicity and efficiency in their lives. The democratization of these solutions through online platforms and social media has created a community of individuals eager to share and learn from each other.

Life hacks are a testament to human ingenuity—the ability to find simple yet effective solutions to everyday challenges. As we continue to navigate the complexities of modern life, the allure of life hacks remains a constant, providing us with the tools to simplify, optimize, and ultimately enjoy the journey. Whether in the kitchen, at work, or on the go, life hacks offer a bridge between the demands of daily life and the pursuit of a more streamlined, efficient, and enjoyable existence.

The Timeless Allure of the Bow Tie

THE ever-evolving landscape of fashion, certain accessories stand as enduring symbols of timeless elegance. The bow tie, with its refined charm and distinctive silhouette, is one such accessory that transcends trends, weaving its way through generations as a symbol of sophistication and individuality.

At its core, the bow tie is a versatile piece that effortlessly transitions from formal affairs to more casual settings, adding a dash of dapper flair to any ensemble. Its simplicity belies a profound impact, capable of transforming an outfit from ordinary to extraordinary with a single knot. Whether paired with a crisp suit at a black-tie event or worn casually with a button-down shirt, the bow tie has an innate ability to elevate and redefine style.

The origins of the bow tie can be traced back to the 17th century, evolving from the cravat worn by Croatian mercenaries. Over the centuries, it has evolved into a distinctive accessory embraced by fashion-forward individuals and style icons alike. With its self-assured nod to tradition and a playful twist of contemporary chic, the bow tie bridges the

gap between the classic and the avant-garde.

Beyond its aesthetic appeal, the bow tie carries a symbolic weight. It is a statement, a declaration of sartorial confidence and a celebration of individuality. In a world where fashion trends ebb and flow, the bow tie remains a steadfast emblem of enduring style, immune to the transience of passing fads.

The resurgence of interest in classic menswear and the blurring of gender fashion norms have contributed to the bow tie's renewed popularity. No longer confined to the realms of formal events, it has found a place in everyday wardrobes, challenging preconceptions about when and where this accessory can shine.

The bow tie is more than a mere garment; it is a punctuation mark in the language of style. Its distinctive shape and the artful process of tying it carry a certain gravitas—a ritualistic act that adds to its allure. As fashion continues to evolve, the bow tie remains a steadfast beacon, an enduring symbol of elegance that stands the test of time, reminding us that true style is, and always will be, timeless.
